Friday, September 9, 1983. 8:05 am, the bell rings, signaling it's time to go to homeroom. It's the first day of the academic year. People everywhere, old friends, and about us new faces. The weather outside is incredibly hot and sticky, not like southern California at all. 8:10 am, the bell rings, "all stand for the pledge of allegiance . . . all sit for the morning prayer". We halfway listen to the announcements, our minds drifting back to the events of the summer; surfing, camping, water-skiing, sailing, and Europe . . . for many the thought of finally being a senior is overwhelming . . . At any rate we realize, freshmen or senior, that this is our year, we can make it as exciting and challenging as our imaginations can reach, and this moment, each day's events will create for us **a lasting impression.**

Thursday, June 16, 1983. At 12:30 we turned in our final exams, ending the week long cramming and test taking regime until next year. Lockers were emptied; trash piled to the point of overflowing, as a year of our lives was sorted, stored, and came to a close. Then, it dawns on us — "WE'RE OUT!" "FREEDOM!", and for the first time since last year, we utter that beautiful word, that magical combination of 7 simple letters, with enthusiasm and anticipation ... "SUMMER!"

Summer in southern California is a fantastic, almost cultist event ... There is so much to do, and just the perfect environment to do it in. After a year of rain, wind, books, and school the first couple weeks of summer are exhilarating. Locally, summer activities include: surfing, water-skiing, biking, sailing, roller-skating, volleyball, and just plain beach bummin'. Beach goers begin the process of obtaining the ultimate tan, and good times come in bounds.

Above top: Malibu surfers. Above: Alumni, Ram Miller in Idaho.

Above: Malibu Windsurfer on a June Day . . . Right: H_2O Polo Coach Mark Dahlin on wet bike.

Above: Alma Balders, Margaret Herman, Nancy Leon at Buena Vista.

Some students worked over the summer; to save money for college next year, or to buy that new car they've been eyeing, while others at St. Monica were lucky enough to travel this past summer, expanding their knowledge, experiences, and just having fun. Like all good things summer had to come to an end; but the memories, the events, and experiences linger on and leave us with **a lasting impression.**

Opening in September football, Waterpolo, Dances, Dracula just some of many activities throughout the school year.

We'll always remember Vampires on Halloween and Valgrams Off campus permits and Campos at lunch.

Places and events, but mostly people, leave us with a lasting impression.

STUDENT LIFE

Liz Mills, Mrs. Coda, Tony Gomes and Melea Davidson discuss yearbook layouts. Alberto Fadlallah at Pep Ralley. Jenny Groener shows us her tonsils.

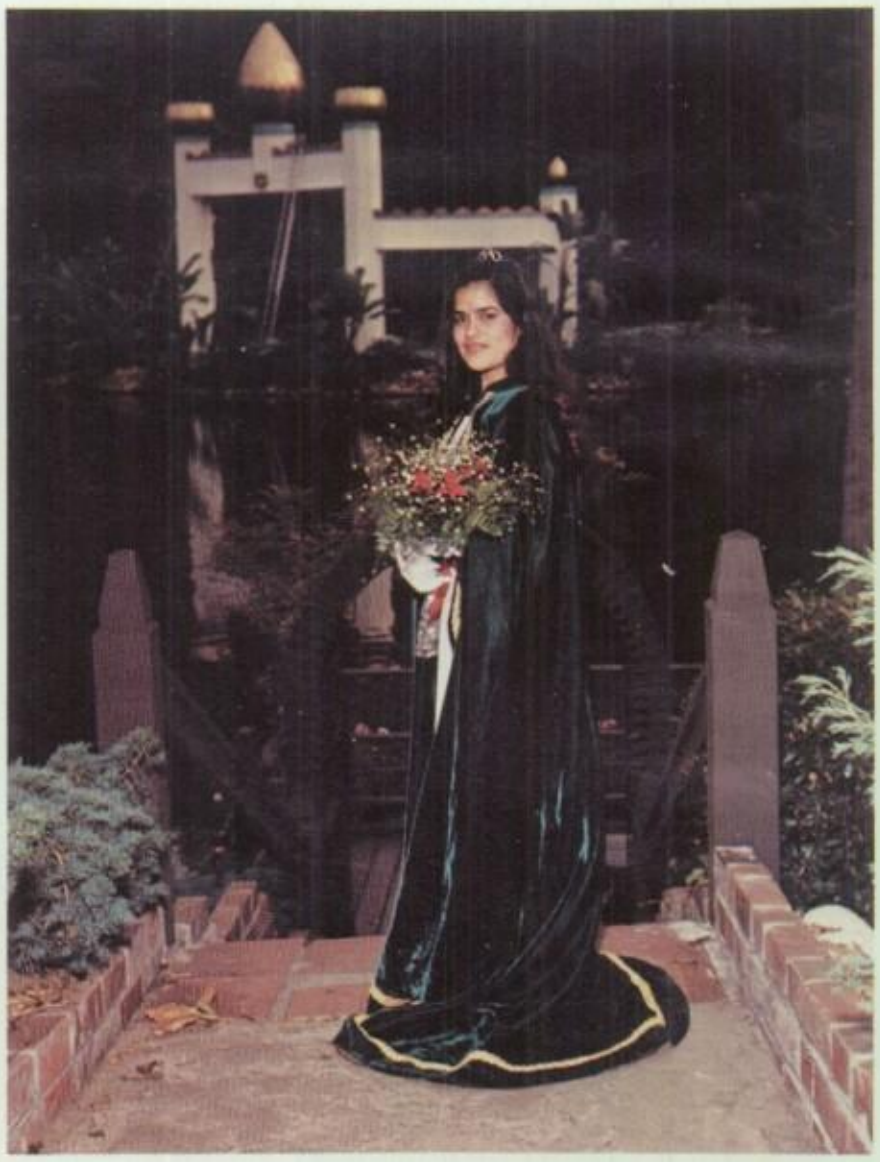
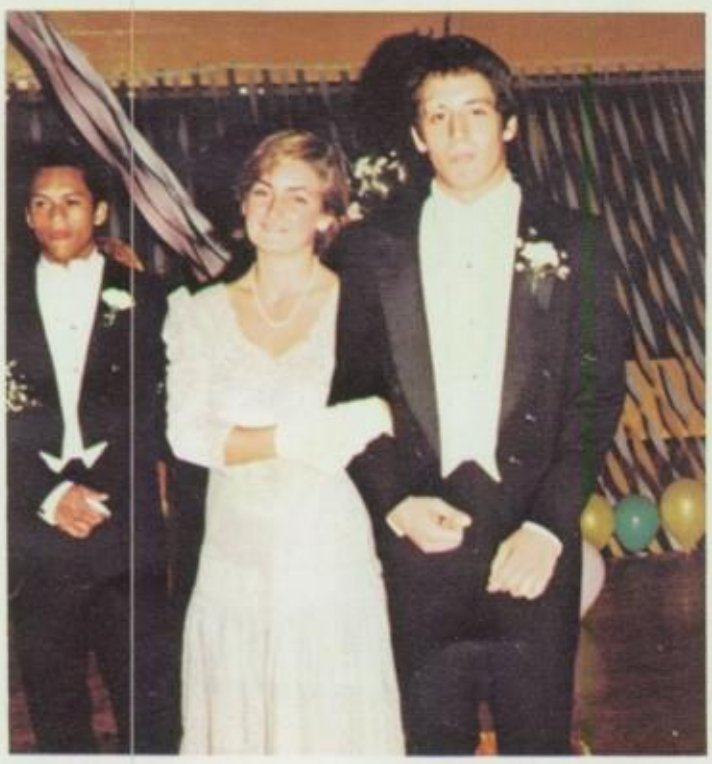
Remember!

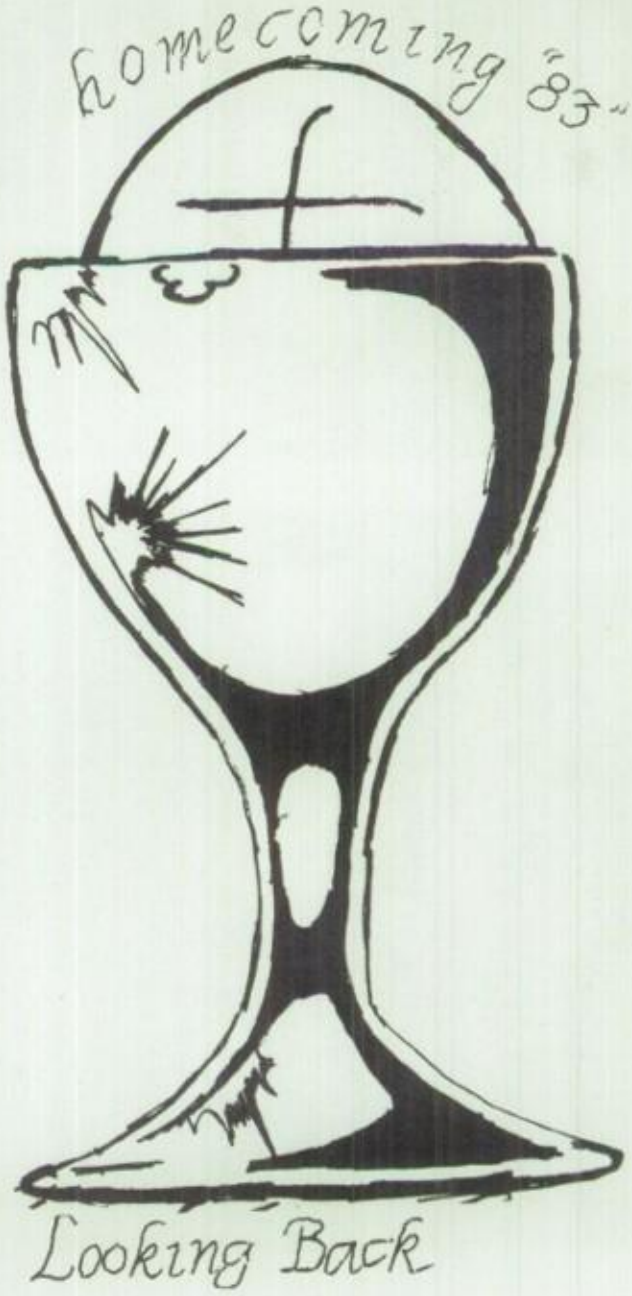


"Remember," was the theme of St. Monica's 1983 Homecoming.

Homecoming is one of the highlights of the scholastic year and this year was no exception.

Homecoming consists of five parts: the mass, gym ceremony, where the queen is announced, football game, field ceremony and the dance.

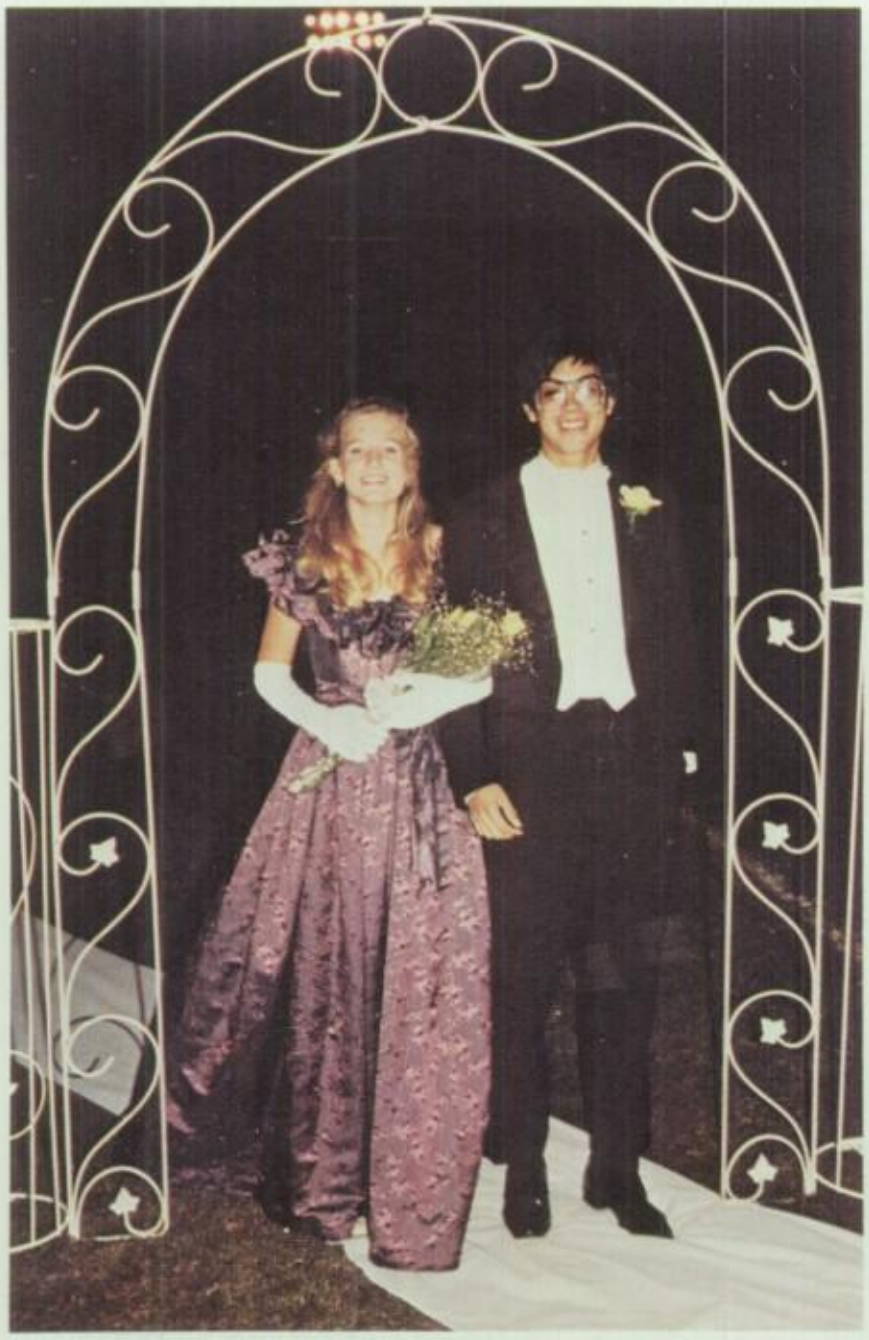


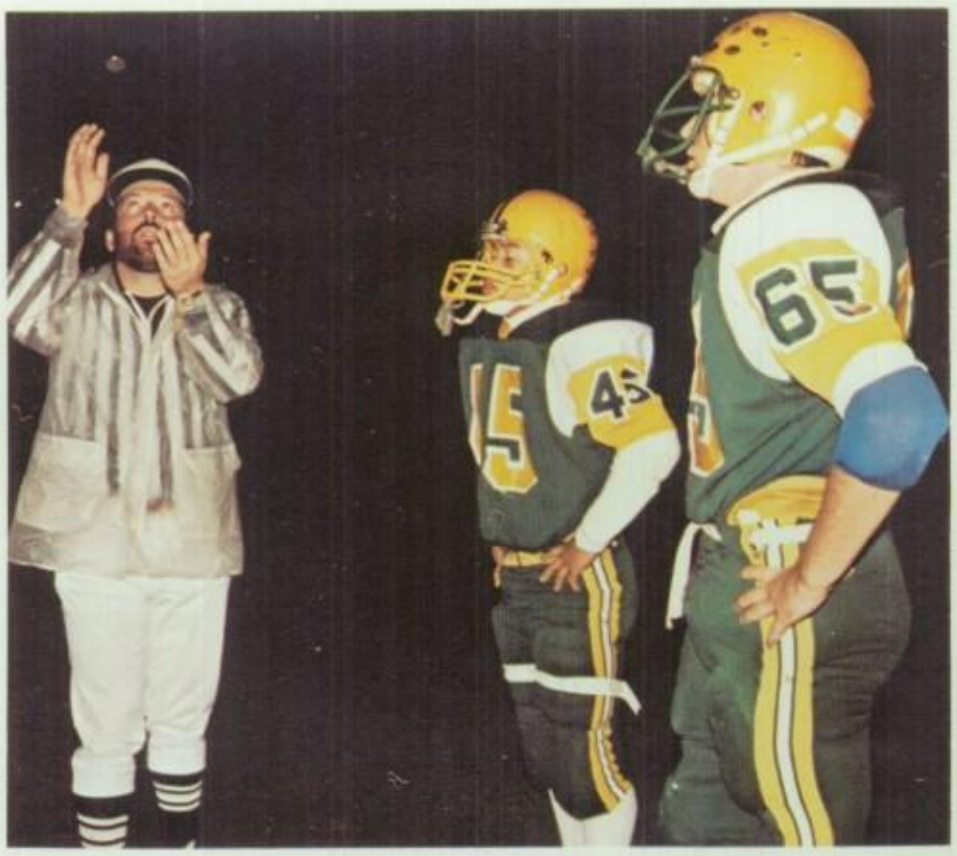


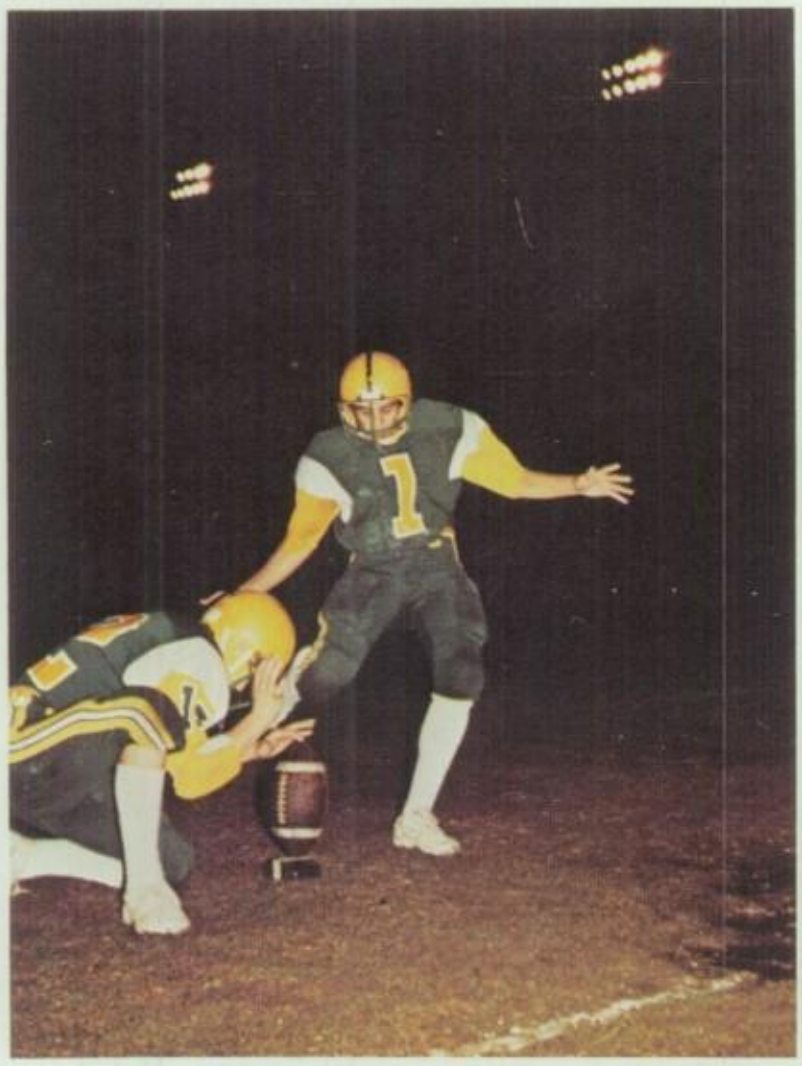
Homecoming "83"
Looking Back

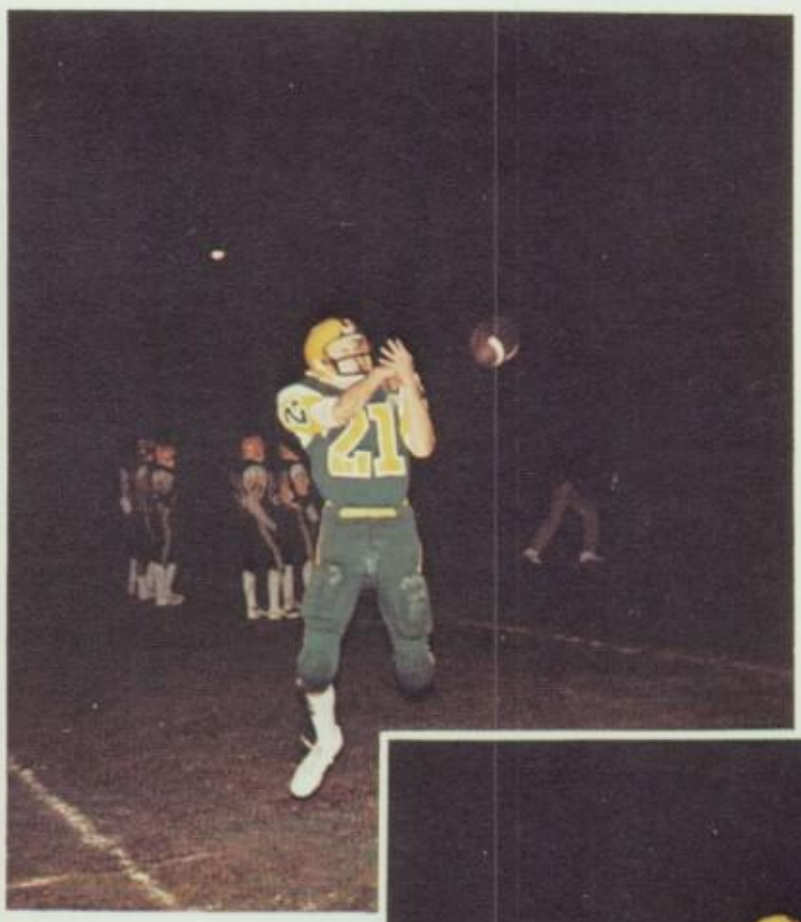
The theme for the 1983 Homecoming Mass was "Looking Back".
Music was provided by Mr. Ed Archer and the advanced chorus.

Mass was a calm time, a time of reflection and appreciation. Appreciation for our school, our friends, our alumni and teachers.
Father Breslford presided, assisted by Fr. Loomis, an alumni of St. Monica celebrating 20 years since graduation.
Mass commissioner was none other than, soon to be Homecoming Queen, Carolina Serna, co-commissioners Josie Dela Cruz and Yassi Manoochehrian.
Looking back, the slide show, with alumni: faces, some familiar and some from a time long ago and the feeling of fellowship that only Mass and the Eucharist can create have left us with a lasting impression.

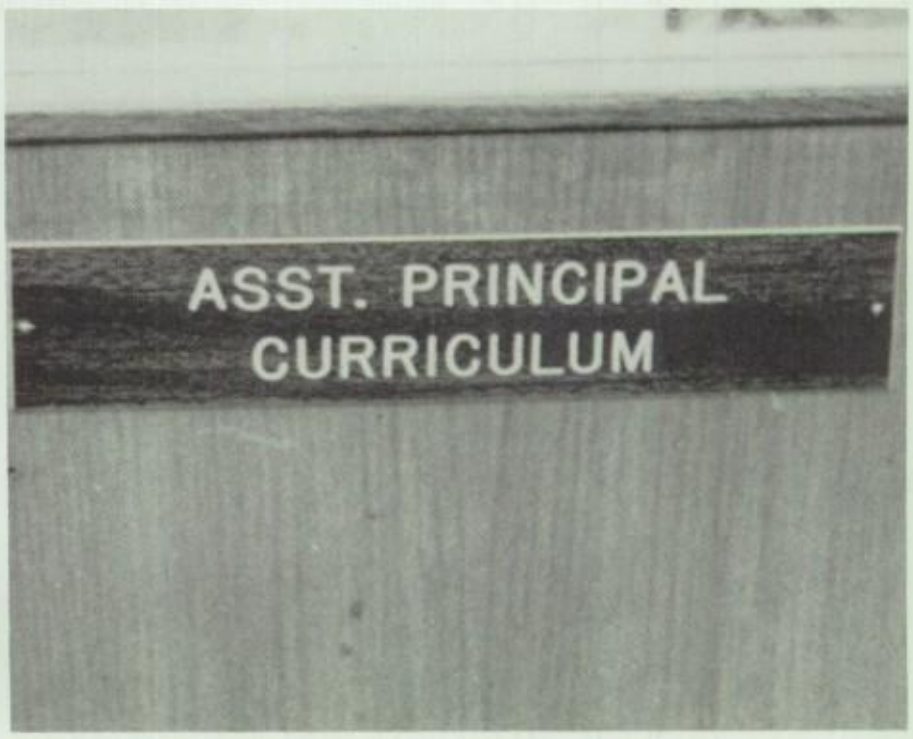




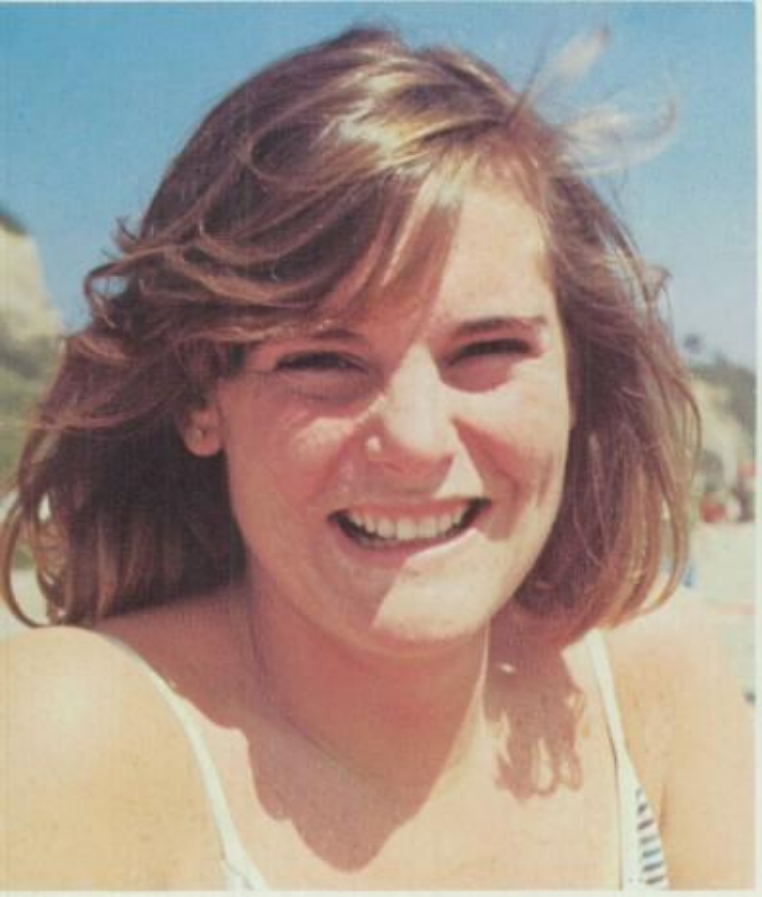




Despite her strict discipline policies, students really appreciate Mrs. Singer's teaching ability and high standards: "Mrs. Singer really knows what she's talking about. Even though her class is a real pain I walk out of there knowing how to write" (Paul Coda)
Her personable disposition has created a classroom environment that allows space for dealing with vital issues: "Mrs. Singer taught me how to get away with not wearing socks" (Ann Marie Hallal)
This year, in addition to teaching, Mrs. Singer has joined the ranks of the Administration as Assistant Principal, Director of Curriculum. We wish her continued success and happiness in her new position. We are confident she will lead St. Monica's graduates to the Ivy League or at least the majority will be literate and college bound.

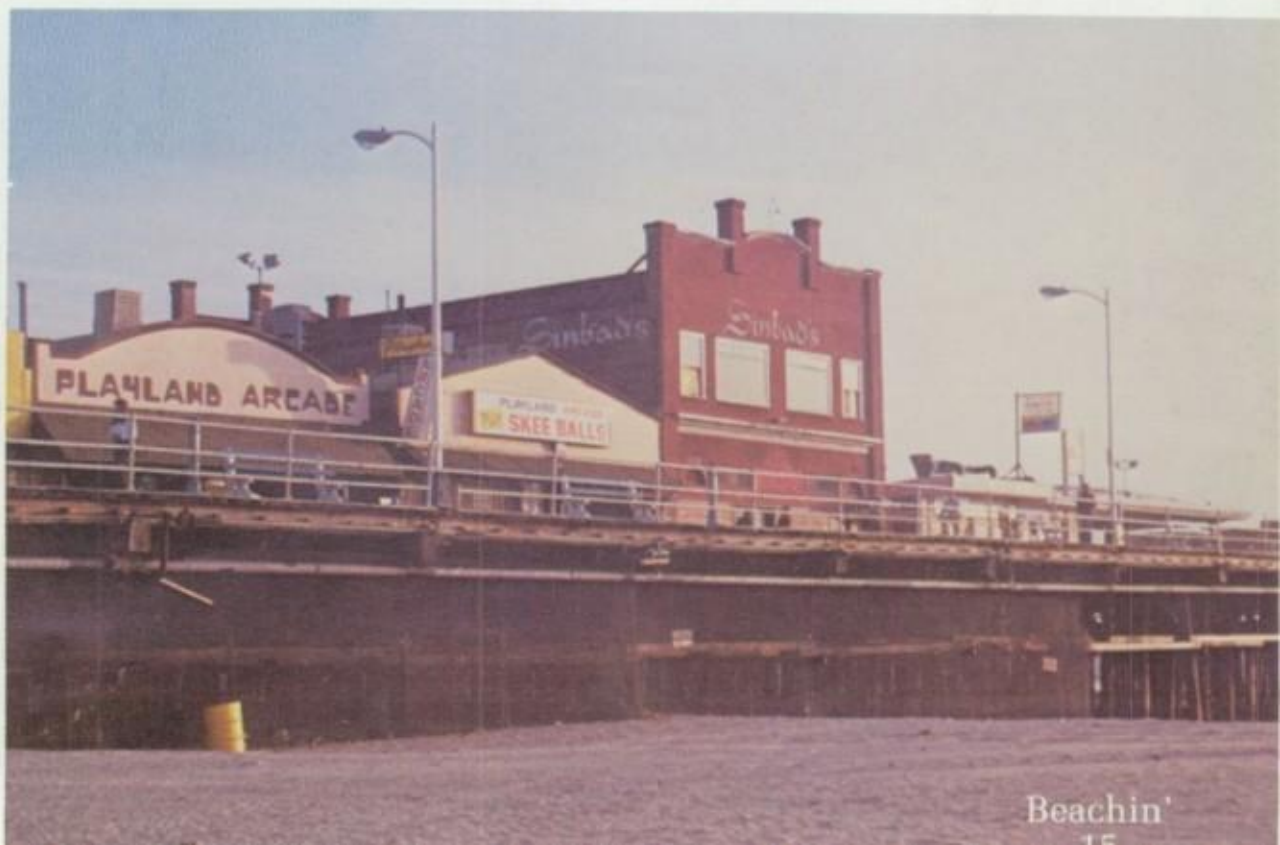


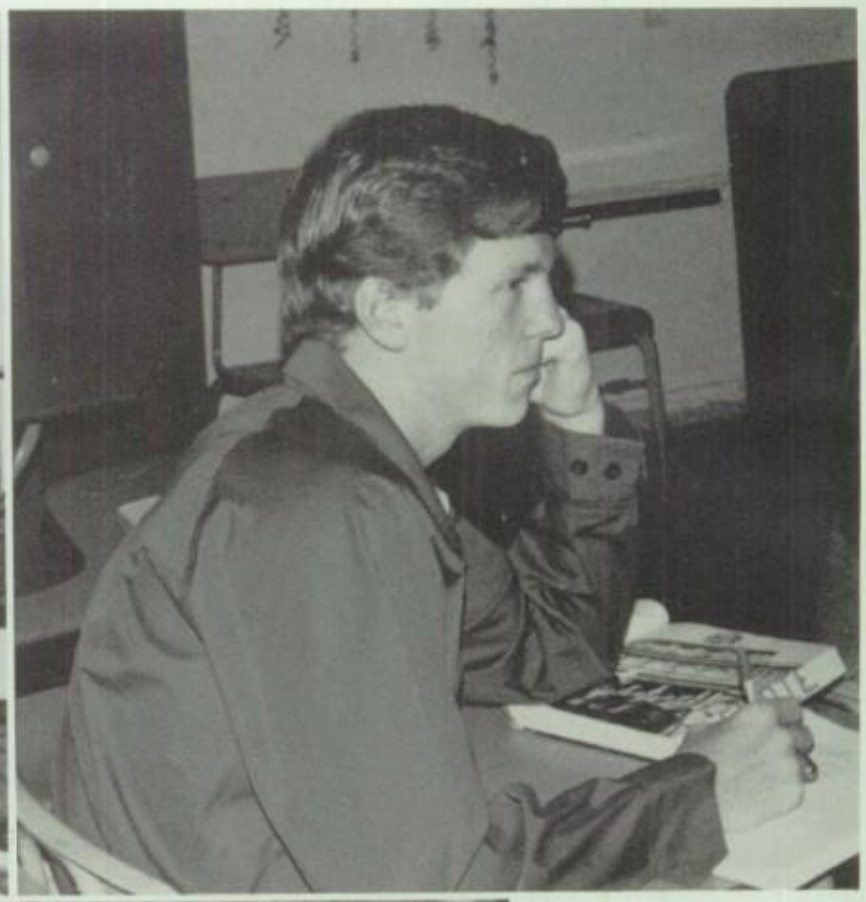
8:25 A.M. — The bell rings and the very thing we've been dreaming of yet agonizing over all summer is finally here . . . We enter room 35 and there she is — Mrs. Singer! Perhaps one of the highlights of attending St. Monica High School is finally making it to Mrs. Singer's English Honors class. The harangue begins — "For those of you who don't know, I'm Mrs. Singer, and this is English Honors. My expectations of you are extremely high, and I know you won't disappoint me . . ." Gail Singer is a dedicated, vivacious addition to the St. Monica faculty. She is affectionately referred to by students as: "Causing me my greatest case of anxiety, but if it weren't for her making us write, we too would be part of the 185 million illiterate" (Tracy David). Students all share the opinion that Gail Singer is truly concerned about them professionally and personally. She is considered not only "good to look at" (Jason Miller) but also "a friend, confidante, and teacher" (Kim Miller). Most important is students views that Mrs. Singer is truly knowledgable in her subject. Because of her dedication, her interest, her sharing of herself and her knowledge, Gail Singer has left us with a lasting impression.

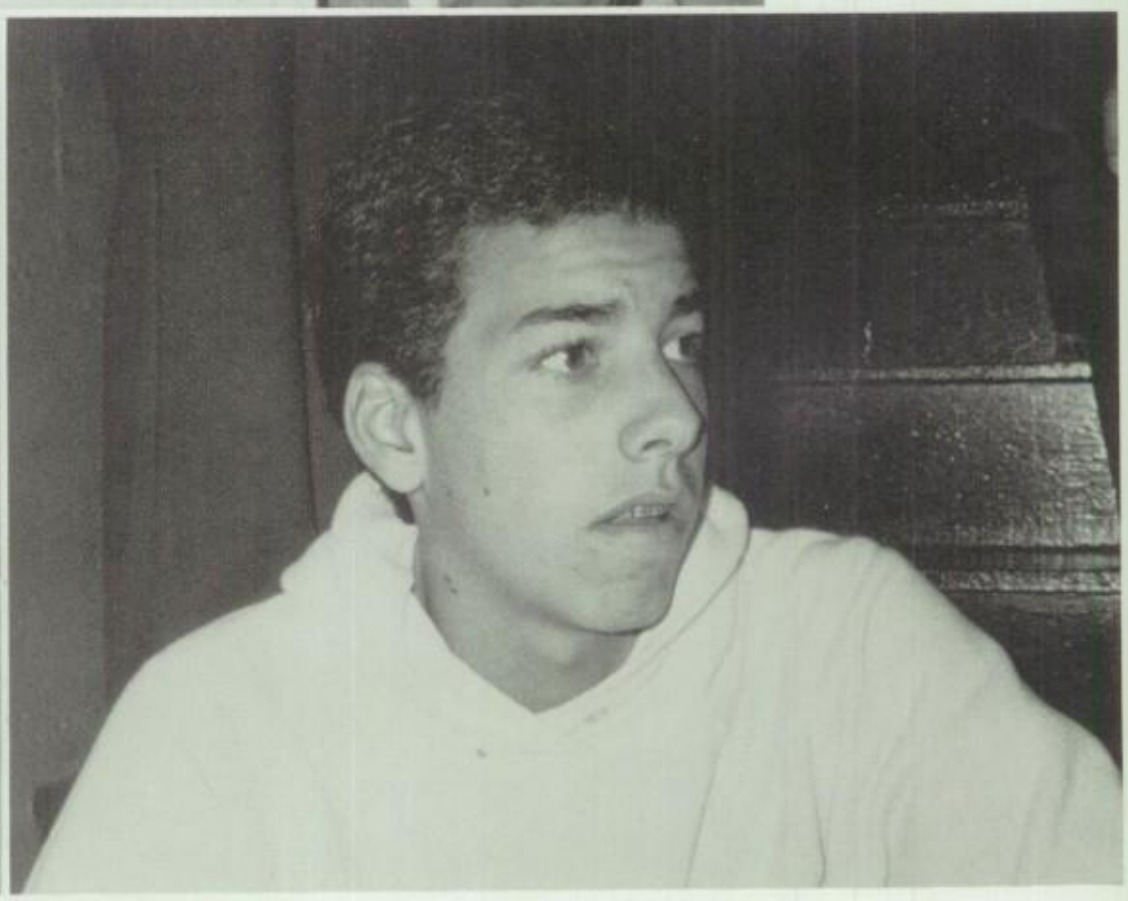


Malibu, Pacific Palisades, Santa Monica, and Venice. Four Southern California beach communities that serve as home for the majority of the students at St. Monica High School. Our community boasts; sunny days, glorious sunsets, good surf, the pier, Santa Monica Bay skyline, and, of course, the Ballona Wetlands and the Santa Monica Mountains.

Saint Monica is located just six blocks from the beach. On a clear day the smell of the ocean air invades campus, beckoning students and faculty alike to grab their surf boards and head for the water either on foot, by skateboard, by bicycle or car.







STUDENT GOVERNMENT

The 1983-84 Executive Board is a dedicated group filled with new and exciting ideas to encourage participation and school spirit. The Student Body was always occupied with activities which the executive board planned. The board is a unified, responsible and supportive group of people. Through persistence and hard work the board overcame their obstacles. This group of enthusiastic people has definitly left a lasting impression.

This year's Senior Council was successful in making their last year here memorable. They were busy with the big brother/sister activity, the Christmas Formal, rousing the spirit of their classmates and finally graduation preparation. The Junior Council was active in many different things this year. The Halloween dance, the Prom, and bake-sales were a few of the activities they were involved in. The Sophomore Council was determined to make this year the best with all their efforts. The Frosh Council were unified and excited about their starting year.

CLUBS — N.H.S., C.S.F., SPEECH

Saint Monica's Speech club has become highly recognized in the short two years of it's existence. They have become a prominent award winning organization. This is due to the leadership of their moderator, Mr. Rose and to the determination of the students.

One organization that serves an important service to our school is the N.H.S. Students belonging to this organization must be nominated by a member of the faculty or administration for exhibiting outstanding leadership qualities. Along with this, they must also maintain a high grade point average. This year N.H.S. along with Mrs. Dewdney, the moderator, went on a retreat to Vallermo.

The California Scholarship Federation is an organization for students who have achieved a high level of academic performance. These students work many long hours tutoring fellow students during their lunch time and after school.

The 1983-84 school year marks the 3rd year of the Nosotros club's existence and probably the most memorable. Under the enthusiastic leadership of senior, Celia Benitez, the club has developed into one of the most active clubs on campus. The profits from various fundraisers will be used to award scholarships to incoming Hispanic freshmen from feeder schools. The club wishes to encourage the importance of education and involvement to all Hispanics who will remain here at St. Monicas. No doubt the Nosotros club has left its mark on St. Monicas and will leave us all with a lasting impression.

This year the International Club, a new club on campus, accomplished a unity among the foreign and American students in the school. They had a lot of activities, including: dining out, ice skating, and bowling. A major activity they had was a co-sponsored dance with the Nosotros Club, which was a big success. The president, Sherry Yang, along with vice-president Yassi Manoochehrian and sec/treasurer Jassi Marwah worked very hard for the clubs success. The officers would like to thank their moderator, Paul Driscoll for all of his support and dedication.

TECHNICAL

The Technical Committee is stronger than ever this year. The leader of the pack is Kerstin O'Leary. The Technical Committee works behind the scenes of St. Monica productions, fund-raisers and other activities in need of their talents and abilities. The "Techies" as they are commonly called, are really working hard this year to bring memorable arts, sound, and lighting to St. Monica's stage. We have seen their efforts in the winter play Dracula, the Christmas Special, and the spring musical. From what we have seen this year's "Techies" will obviously leave a lasting impression . . .

LETTERMAN

In addition to becoming freshman counselor, assistant dean, and being a new faculty member, Miss Collins took a chance and became Pep Moderator at Saint Monicas. Pep looked good this year, the girls on the cheering squads were well coordinated, creative, full of energy. Flags, as always, showed us how truly talented they were.
Senior cheerleaders, Emily Robinson, Lisa Rojas, and Kim Miller will be missed in the 1984-85 school year but based on spring try-outs for next years squad we can expect a good year and more fine performances.
We asked Emily and Lisa to relate their feelings about this year and pep, the following are some of their responses: (Emily) — "I felt the best thing about this past year was the cooperation among the girls. There wasn't alot of arguing and fights, everyone seemed to get along and make an effort at keeping things running smoothly". (Lisa) — "I agree with Emily, we all had a great year starting with camp and going smoothly through basketball season. I had a great time"

STAND UP AND CHEER!

Pep Squad is responsible for getting the students involved in supporting the teams. It is through their leadership that we get excited and feel compelled to stand up and cheer for our athletes.

Saint Monica's spirit program, including the athletics, is one that all can be proud of and feel a great sense of satisfaction for having been a part of it all.

Varsity cheerleaders began working early last summer to learn new cheers and perfect old ones. After attending NCA cheerleading camp at UCSB, the squad returned with soaring spirit. Their enthusiasm was radiated as they involved the student body in supporting the varsity teams. In addition to the spirit and enthusiasm they shared, the varsity cheerleaders of 1983-84 will forever be left with a lasting impression of St. Mo's.

The Junior Varsity and Freshmen cheerleading squads usually have the roughest job, because the teams which they cheer for do not attract huge or even large crowds. In spite of this, however, these girls have worked hard and combined their talents and spirit to make their season a memorable one.

This year's Flag Team practiced for many long hours during the summer, attended camp at Loyola Marimount University, and finally performed at football and basketball games. Besides performing at home games, the team also helped the cheerleaders promote spirit at games and during pep rallies. Their stunning exhibitions of twirling feats have left us with a lasting impression.

Each year on Halloween St. Monica students and faculty dress up as some of their favorite spooks and fantasy characters.

Candy grams are distributed during homeroom, and the best costume is choosen to compete against the other homerooms at lunch.

The annual halloween dance was sponsored by the junior class featuring music played by a DJ. Due to halloween being on a Monday, the dance was held on the previous friday night 8 to 12 midnight.

An added bonus this halloween was a special midnight perofrmance of the winter play, "DRACULA", featuring special appearances by "The Phantom" on the piano.

With the costumes and pagentry halloween was a special day for all, giving our alteregos a chance to surface for a short while.

MAKING OUR OWN MUSIC

The musical end of the performing Arts Department has proven to be an exceptionally talented group of young men and women. We are proud to boast two individuals at present who are members of the popular youth group "Young Americans", and are equally proud of all the other singers, dancers, and musicians that have left each of us with a lasting impression.

Although still in the making as we end our yearbook, the spring musical production for 1984 will be "Grease". Many anticipate "Grease" will even out shine last year's production "Pippin" which was by far the most dramatic and talent packed high school production we've ever seen.

An added bonus this past year was the Christmas time production of "A Special Visit" an original musical production written and directed by Mr. and Mrs. Archer. "A Special Visit" is a story of Christmas for children, complete with Raggedy Ann and Andy and of course . . . Santa Claus.

On Dec. 10, a new tradition at St. Monica's was started. The Christmas Formal, sponsored by the Senior class, was a very festive event. Couples and singles alike donned their evening finest and came to the auditorium to dance and dine by candlelight. The auditorium was decorated

1983-84 saw some changes in the area of campus ministry here at Saint Monica. Mr. Paul Driscoll bacame our campus minister after Sr. Cheryl Milner was promoted to the rank of Vice-Principal, director of activities.

Mr. Driscoll organized and ran (with the help of the campus ministry class) all class retreats including the traditional trips to Wrightwood for the Junior and Senior class.

Mr. Dave DePollo was another new addition to campus ministry as the director of Liturgy. Saint Monica has 3 mandatory masses a year, one at the opening of the term, one on Ash Wednesday, and one at the close of the school year.

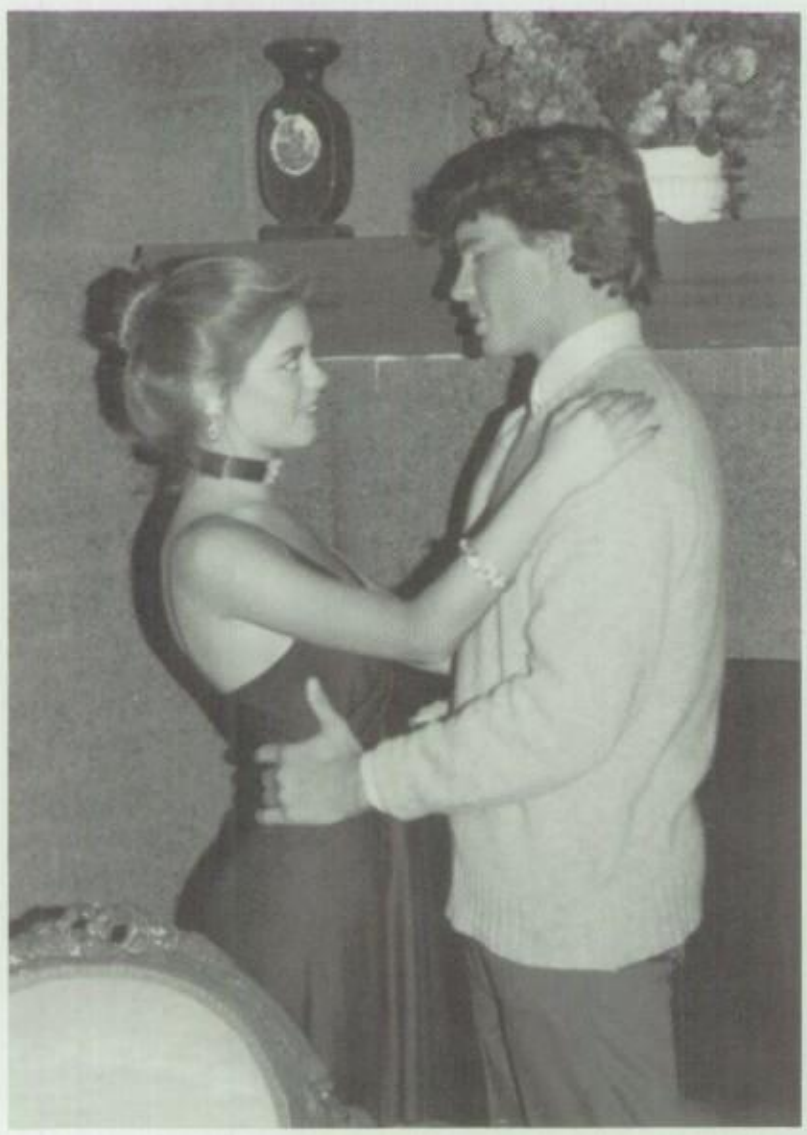
COUPLES



Couple (Kupel) n.l. Two items of the same kind; a pair. 2. something that joins two things together; connection; link. 3. a man and woman united in some way, as by marriage or bethrothal or as dancing partners. 4. to link, as by magnetic induction.
Whether friends, student/teacher, brother/sister, make believe partners in the winter play, boyfriend/girlfriend, or even husband/wife St. Monica has its share of couples. Couples sharing their lives and experiences, adding to one anothers development.

Saint Monica High School is a school in which great emphasis is placed on total education of its students, not just academic but moral, spiritual, social development also are stressed. In keeping with their philosphy, Saint Monicas has a dress code, a closed campus, and a rather clear-cut set of rules, violations, and possible consequences.

Dress code, as always, remained an area of controversy this 1983-84 school year. Most students and faculty agreed that the principal upon which the dress code is based is a valid concept and that there must be some means of simplifying the issue to all involved satisfaction. Many believe a stricter dress code, even a uniform is the best solution.

Above left — Marielos Huezp stands outside the Deans Office . . . in . . . unh . . . well, a uniform? Right top — a rare sight, a student, a senior none the less, Mark Fuster IN DRESS CODE . . . A locked gate, signifing Saint Monicas closed campus policy.

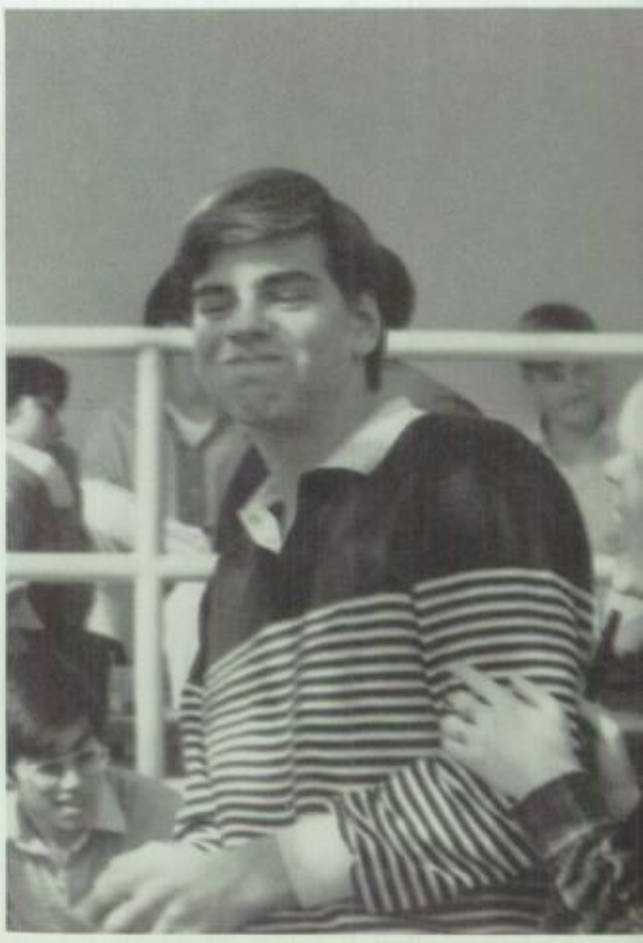
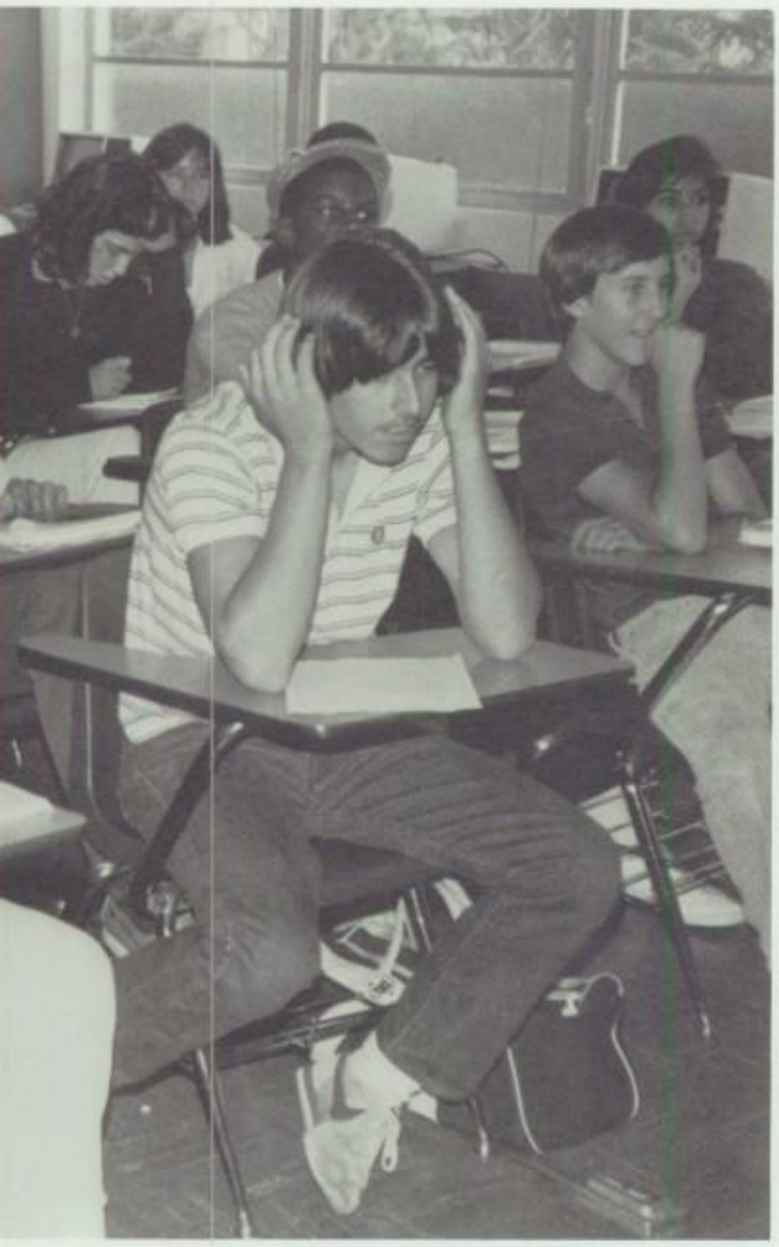
Below and right — "an appointed student excutioner, I mean excutor, of dress code enforcement prepares to deliver the consequences of violation to Jovita . . . Two students contemplate their probable Saturday detention . . .

Tardies, absentisim, truancy, dress code, misconduct, or just to get a piece of candy are all reasons one might end up in the deans office. This past year, in addition to our long standing dean of students, Mr. Dela Torre, a new assistant dean, Miss Collins was added to the deans office to assist with the various situations that arise daily on campus.

AROUND CAMPUS





Daily life at Saint Monicas High School consists of a variety of activities, and numerous encounters with different individuals in various capacities.

ON OUR OWN TIME . . .

Sophomore, Robin Gates and Junior Shannon Tickner "PIG OUT" . . .

Junior, Nancy Leon, dancing at a New Year Eve Party . . .

Junior, Andrea Azer, being domestic . . .

On their own time students at Saint Monica High School participate in a wide variety of events, some social and some lucrative. Many students have part time jobs. It is not unusual to find a good number of our student body dressed in various types of uniforms or the latest fashions at Santa Monica Place, where many work after school and on the weekends.

When not at school or at work students participate in the wide range of social activities available in our community and just enjoy their time off.

Senior, Ann Logsdon at the beach on a sunny California day . . .

Yearbook editor, and senior, Therese LeVasseur and sophomore, Robin Gates out to dinner . . .

Andrea again, this time looking a wee bit tired from her weekend activities . . .

How students communicate with one another, their teachers, their families is as individual as the students are. Depending on the situation, students may be outgoing and vivasious or quiet and reserved.

Learning to communicate; what we say and how to get our point across in a positive way is an important part of adolescence and our high school experience.

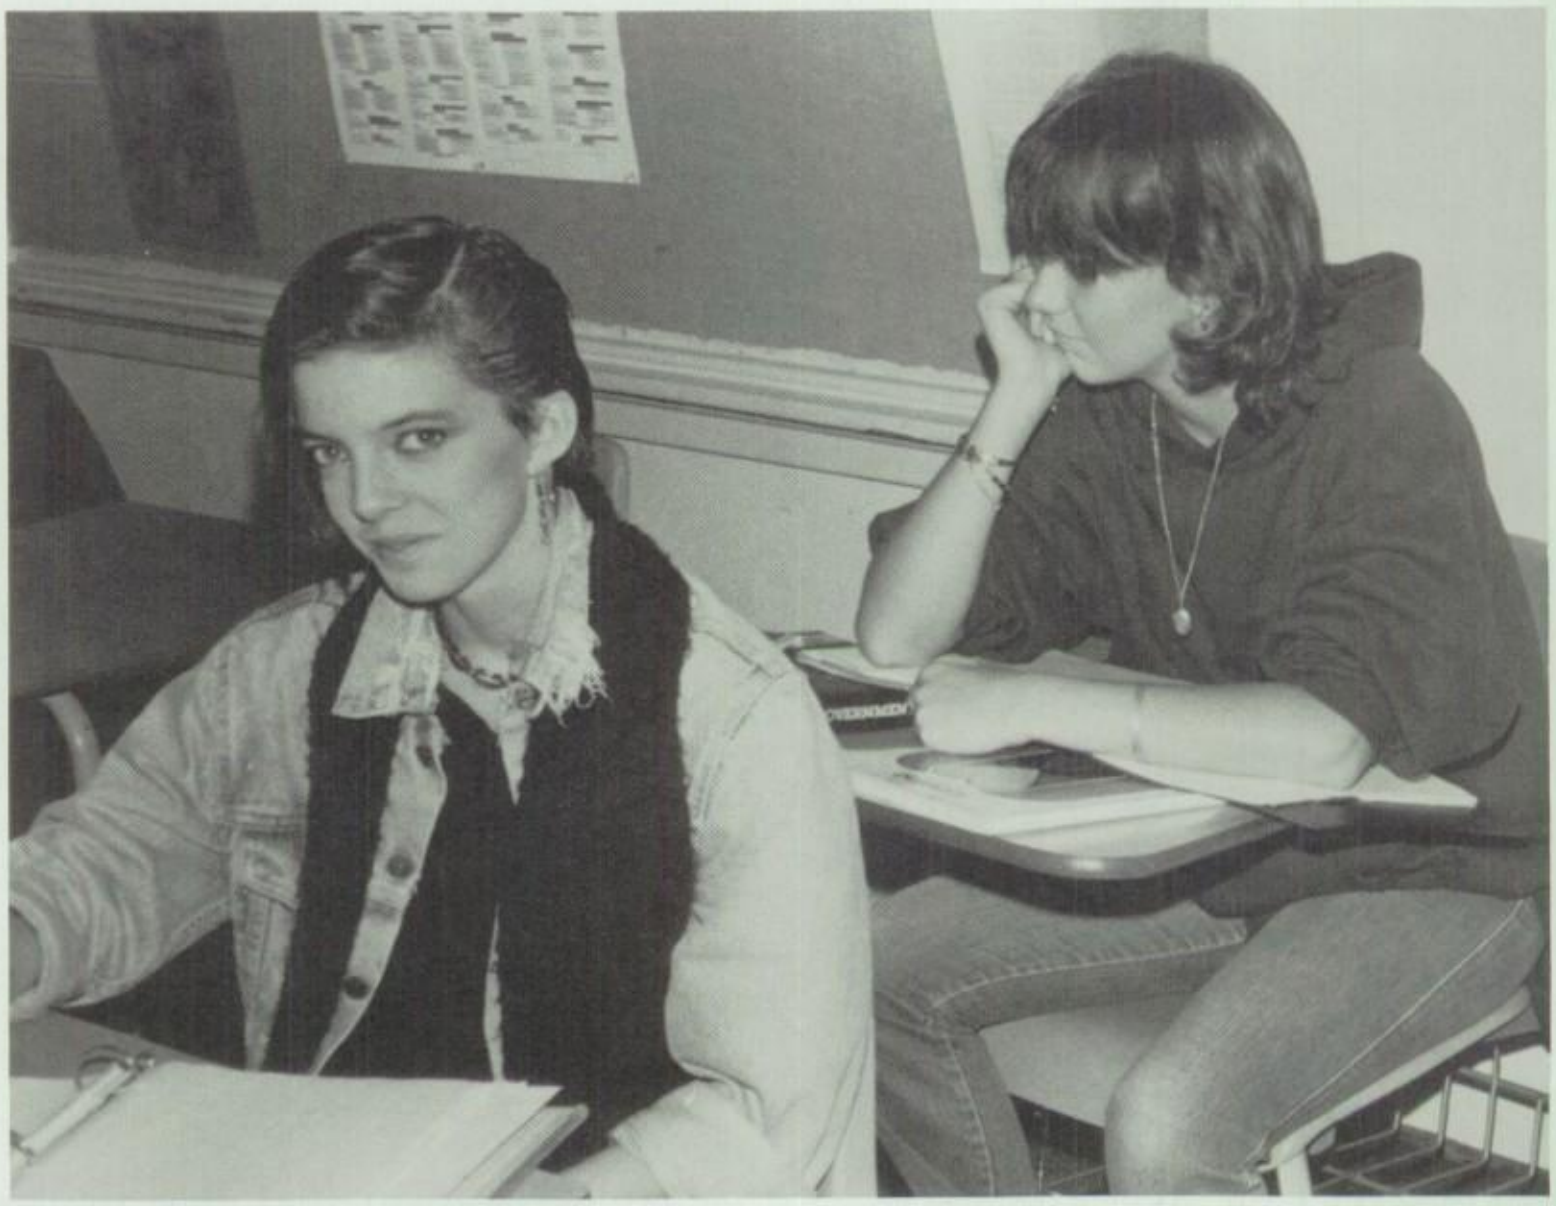
Also instrumental in keeping us well informed about our community, our school, our world are the library staff workers, under the direction of librarian Mrs. Hildegard Zech and the Mariner newspaper staff, with editor in chief Tracy David and moderator Mr. Jim Stetson.

News sometimes seems to be dominated by the negatives in our society, but through the efforts of a willing seeker, our library has ample information that is informative and current and not necessarily glum. Likewise, the Mariner not only deals with critical issues about school activities and policies but has room for humor and positive feedback on campus life.

Mariner Staff — Adel Perez, Vivian Delavega, Charles Doran, Charles LaCour, James Gravette, Helen Lin, Tracy David, Debra Garza, Margarita Louisa, Penny au Yang, Matt Gallager, Linda Montobaun, Stephanie Izumi

Some issues that are of concern to students include: weekend activities, grades, college and future career plans, placement tests, vacations, graduation . . .

. . . passing classes, dress code, what to do with unsold raffle tickets, dates, deadline, no socks, nuclear war, nuclear reactor breakdown, crime, politics.



Students recognize they alone cannot solve world issues, but they also realize that with all problems the solution must begin with the individual and the choices that individual makes. Our growth, intellectual, spiritual, and physical has been a process of sharing and communicating with others, and leaves us with the ability to decide what the future holds. Hopefully, in our way we will leave others with a lasting impression.

STUDENT CONCERNS

Students in in high school are in a unique stage of psycho-social development.

Not yet and adult, but far from being children, St. Monica students find themselves discussing and being concerned with a variety of issues, some simply and self orientated, others of a global nature.

VARSITY FOOTBALL

St. Monica's "83" football team traveled from far and wide showing the best defensive positions the team has ever had. "If the team assesses the difference between playing to their full potential and playing comparatively it would be a welcomed surprise to the west side football," was Coach Blue's feeling on the St. Mo team.

The Awards Banquet was held on December 12, in the Cantwell Auditorium. Awards went out to Jose Garcia (MVP), Ricky Butkus (Most Improved), George Booker (Coaches).

Coach Jarado Blue

"This years football team was good compared to past teams. To us this year's team was a preparation for next year. The team consisted of mostly juniors, two sophomores and a couple of seniors. We had our ups and downs throughout the year and we all pulled together to come out having a good season. Next year we set our goals for a much better season, a season St. Monica's will never forget . . ."

— Jose Garcia

"The team and I learned an important thing, "Never give up", and this we didn't, like most of our games we would be down in the beginning and then at the end we would show the other team what the Mariner team is capable of doing. But most of all, our coaches taught us to be "men"! So with all we learned this year, the returning juniors are going to show this school what we were taught and bring the thrill of victory back to St. Mo's."

— Hector Padilla

"This year we've gained experience, confidence, and how to be men. We're thankful for the wins we had."

— Vaughn Jackson

"This year's football season was good. It was a great experience for all of this year's players."

— Fabian Cadena

When most of us were ending our day heading home or to the local 7-11 store, some found themselves immersed in a freezing pool of water. The practices took place everyday at the S.M.C. pool, but the hard workouts were well worth the time, for this season the waterpolo team came out with an outstanding record. With great players such as; Abelardo Balderas, Paul Coda, Mark Verge, Barry Nugent, Sean Wells, Brad Krietler and newcomer Rob Dehart. Making the most goals of the season was Mark Verge with a total of 50 goals. A large number of girls participated in waterpolo this season and although the pool was a bit crowded, co-ed practices gave something more than the bottom of the pool to look at. The teamwork of all the players made it a very successful and memorable season. Taking awards at the sports banquet this year were Paul Coda-MVP, Rob Dehart-Most Improved, and Sean Wells-Coaches. Saving the best for last the awesome coaches for the "83" year were Mark Dahlin, Joe Coda, and Brian Kenner.

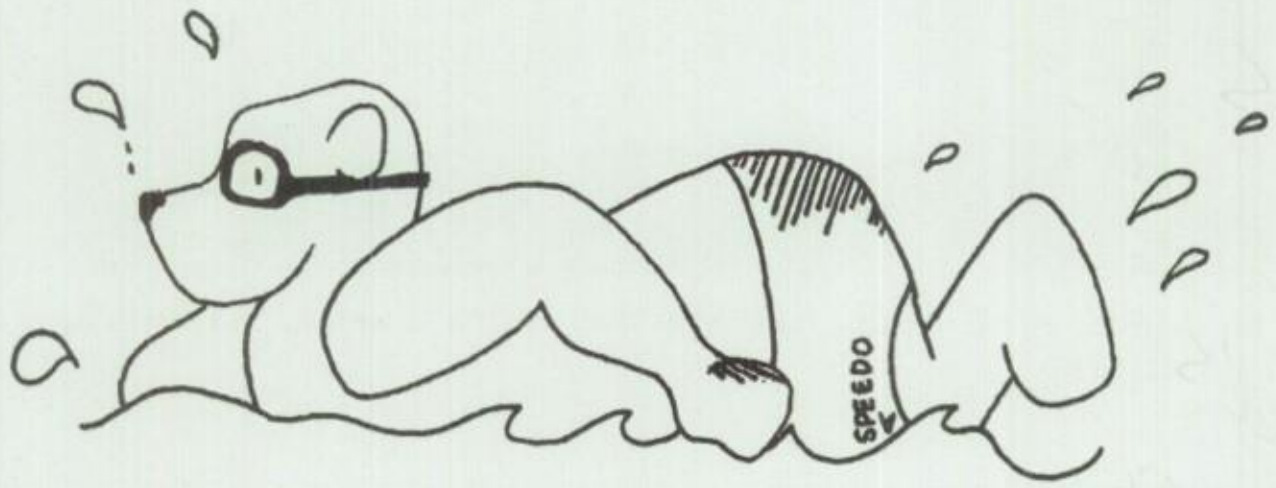
SWIM TEAM



Mariner Swim Team is made up of approximately twenty-two players including a new group of up and coming freshmen and returning players. Coach Brian Renner is a new addition to the team and the Mariner family. Joe Coda is also involved in swimming this year. The team captains are Sean Wells and Robin Gates. Sean Wells, said "that with commitment and a firm desire to win our team has potential for victory in the 1984 season." The teams practices are held at Santa Monica City College daily for approximately an hour. This year with the addition of new equipement and a revised coaching staff and the availability of pool facilities it will make the '84 season a year of renewed success.

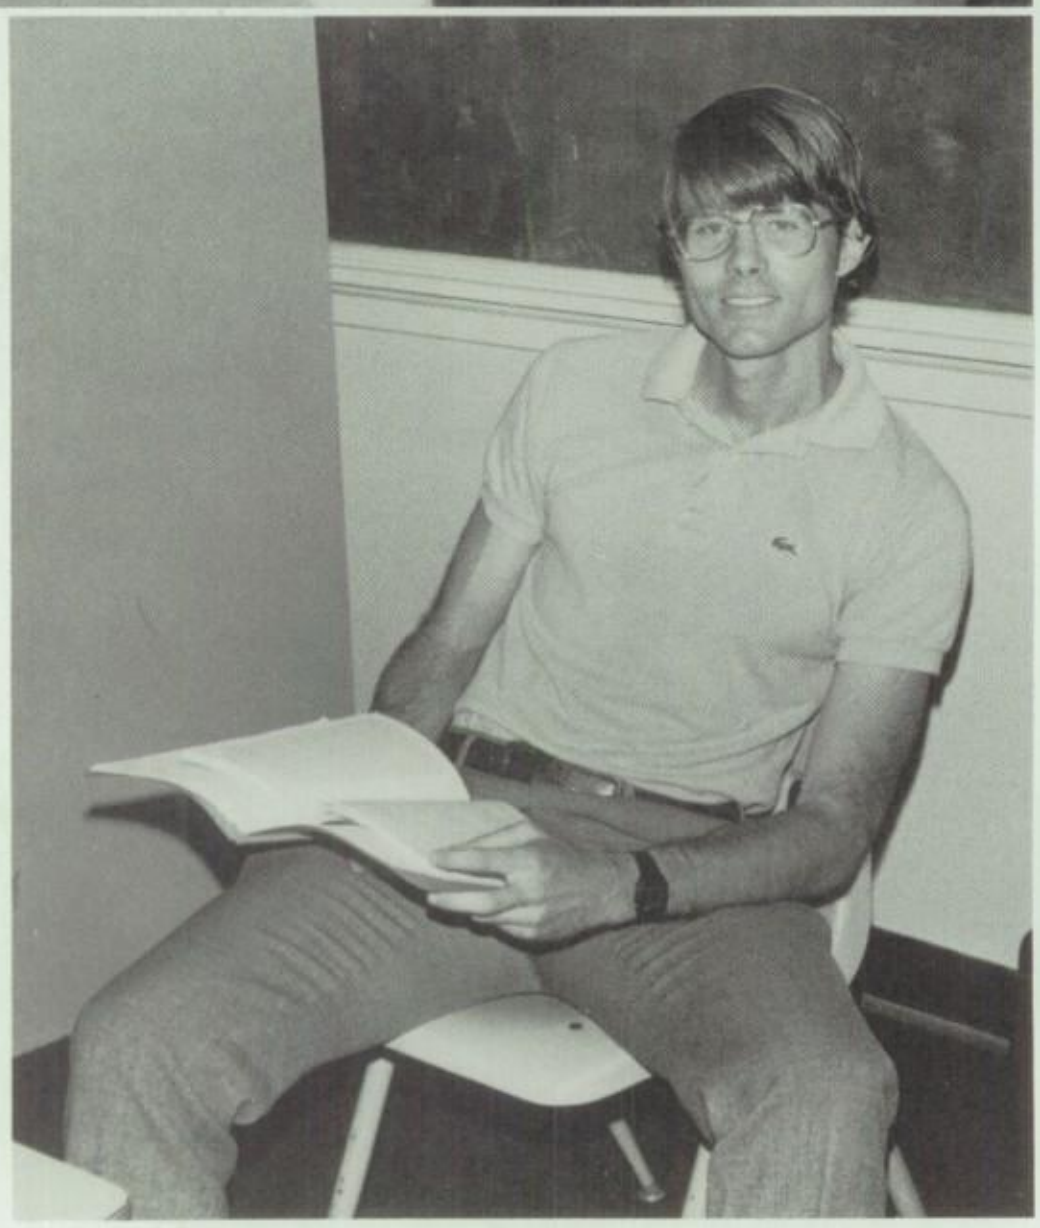
FACULTY DIVIDER



"The basic premise upon which a teacher builds is deep commitment to and concern for youth." (TDC)

Most students never realize all that their teachers do for their benefit. The ability to care about the students both personally and professionally is a special quality of the St. Monica faculty and staff. A teachers day doesn't end at 2:35 when school lets out, but continues into the evening with lesson plans and papers to correct. The average teacher deals with 150 students per day, taking the time to listen to a student with a problem, showing concern and offering guidance.

Monsignor Anthony Duvall has been pastor of St. Monica Parish since 1978. Msg. takes an active interest in the activities of both the high school and the grammar school. He is particularly fond of the performing arts productions. Despite Msg. recent health problems, he has kept a busy schedule with parish and school activities. Our thanks and gratitude are extended to Msg. Duvall, Fr. Brelsford, the administration and faculty of St. Monica. They have jointly helped shape our days at St. Monica and have thereby left us with a lasting impression.

Above: Msg. Duvall addresses the student body at Homecoming gym ceremony; Msg. is escorted by senior Janet Hutchinson into the gym, Homecoming 1983. A side view of St. Monica Catholic Church.

REV. WILLIAM BRELSFORD, PRINCIPAL

Father Brelsford was educated in the parorial system beginning at Bishop Amat High School here in Southern California. He next attended Saint John's Seminary in Camarillo, and later received his Masters Degree in education at Mount St. Mary's Los Angeles campus.

Father Brelsford first came to St. Monica in the fall of 1979. He served as Vice-Principal for one year before advancing to his current status as Principal of the school.

Through his leadership and support of the many organizations on campus, Father has helped St. Monica begin to build a more productive and competitive school.

Above: Father in some of his many roles at St. Monica; Priest, serving communion at the Homecoming Mass, addressing the student body at an assembly, on the field at a football game, supporting our team.

Our Administrators, with backgrounds ranging from physics to history and psychology add diversity to our school. Not only in the classroom but on an organizational level, creating the dynamic force behind the school and its policies.

Saint Monica professional staff helps in the behind the scenes running of daily school life. It is their dedication and efforts that go unnoticed by most but would be noticed in an instint if they suddenly stopped their important work. Imagine a day without the neatly typed announcements, or your tuition payment not being recorded, no books for the first day of class, no heat in your rooms on a cold and damp day, your schedule of classes not being computerized or your transcripts not being sent to the college of your choice by deadline date . . . Our tanks go out to this dedicated group of individuals.

Above, Mrs. Chang and Mrs. David

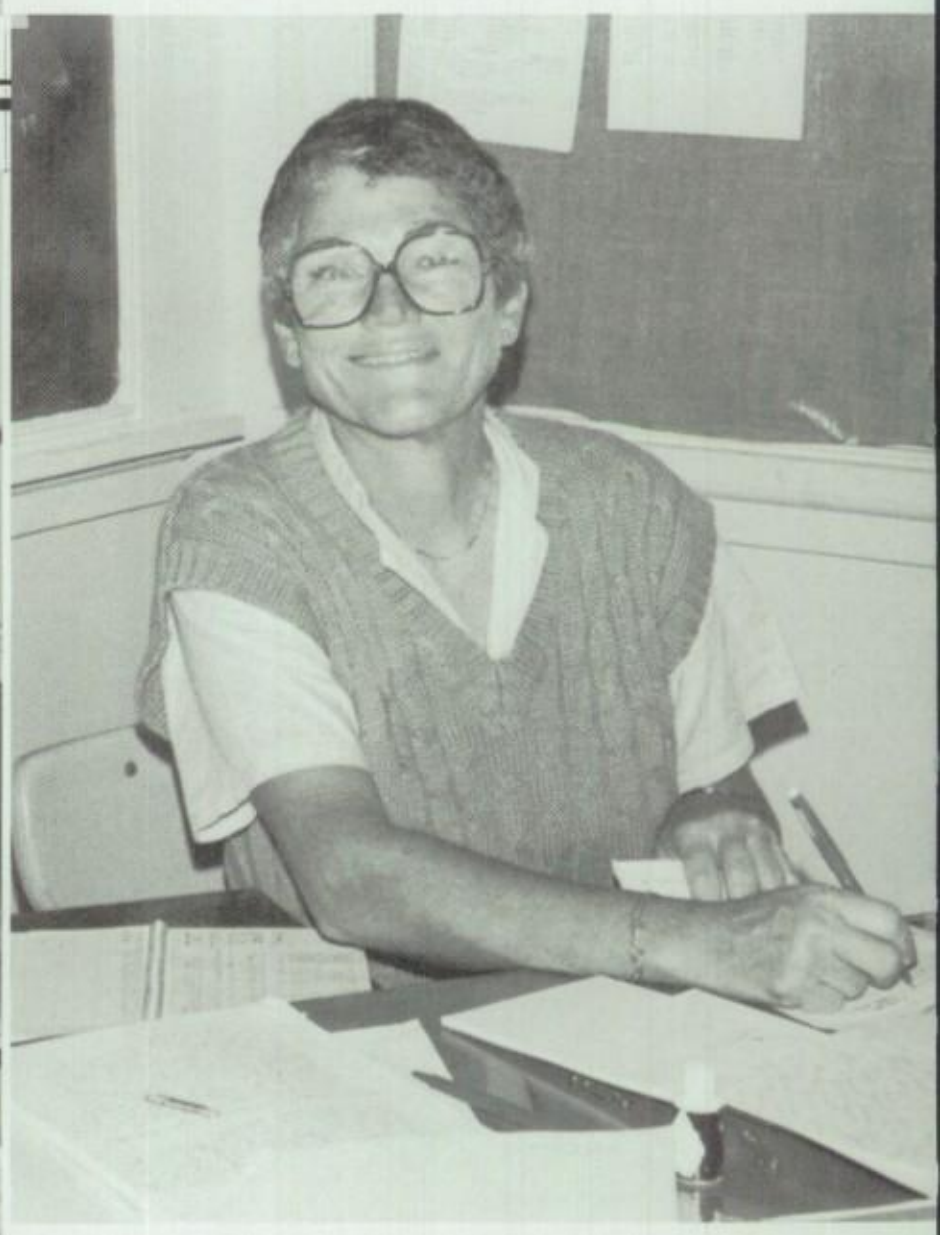
Mr. Doss, Mrs. Berry, Mrs. Amato and Mrs. Steyn, the much appreciated ladies who feed us each day at lunch and break.

We asked our faculty the following question: **"If you weren't teaching, what do you think you'd be doing now?"** The following are some of their responses:

Miss Horimoto — "I'd sail to islands in the South Seas and write a book about my adventures . . . then continue to travel and become an antheopologists living and studying various cultures around the world."

Mrs. Zech — "I would probably be a reference librarian in a public library — or selling real estate."

Mrs. Conterno — "If I was not teaching I feel that I would be living in Alaska directing a small theatre group. My husband would be working on the Pipe line, and we would have lots of money"!

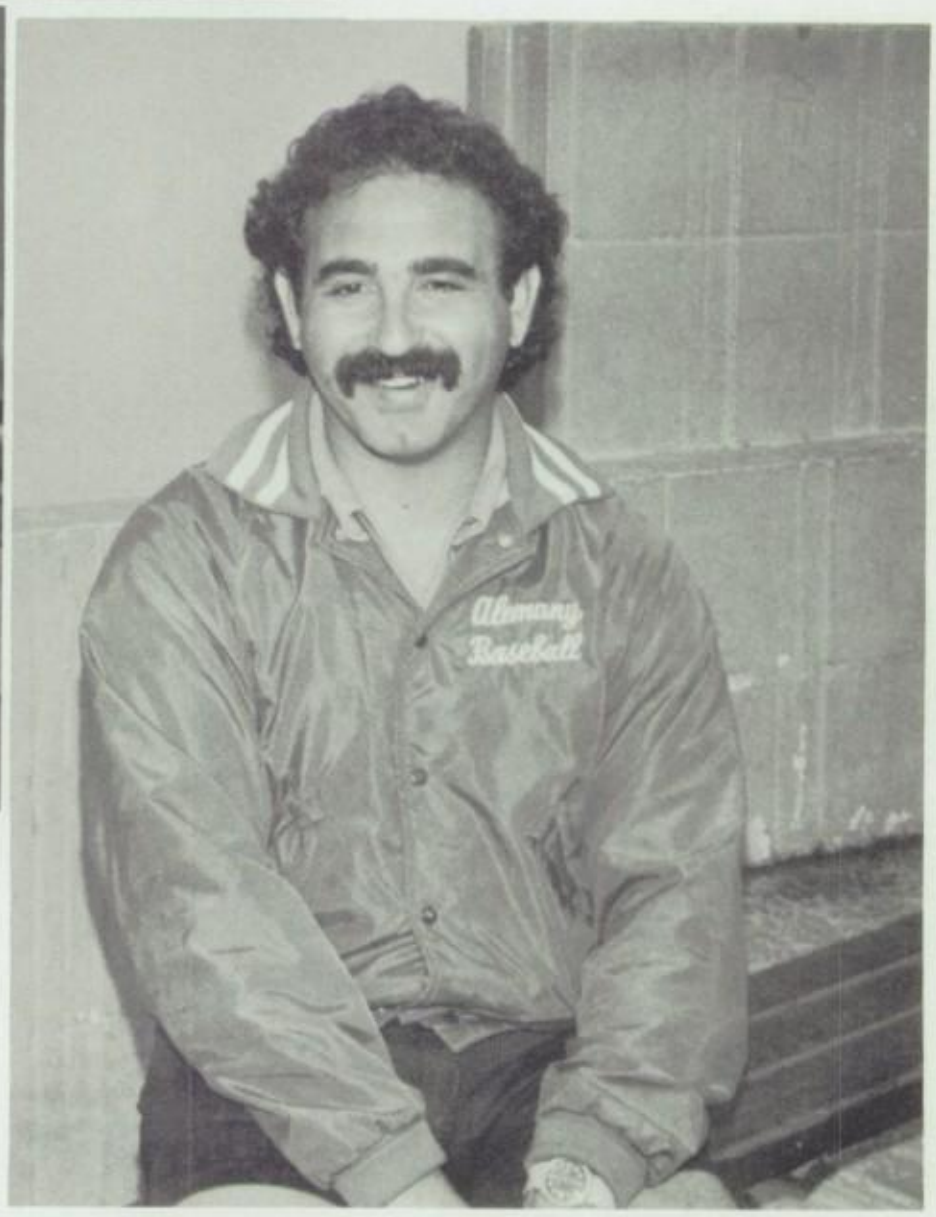


Above left, Mr. Mohrfeld helps with communion; left, Mr. McFadden and above Ms. Haworth.

FACULTY

Faculty

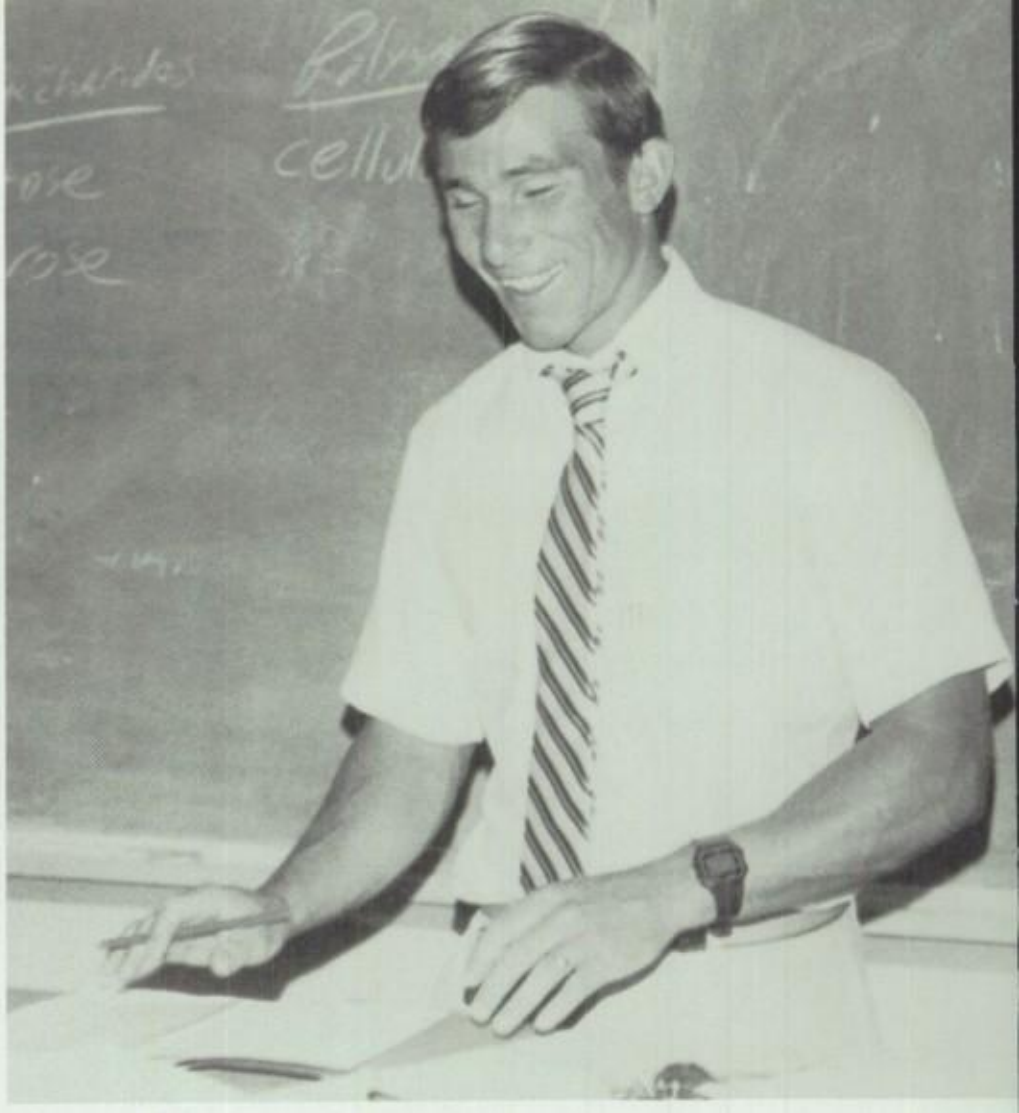
Many of our faculty have had a variety of jobs other than teaching. Mr. Coda has done plumbing construction, and mechanical work; Mrs. Coda has been a drug and alcohol counselor, a purchasing agent and worked for an attorney. Mrs. Conterno has been a supermarket clerk and a jusiut volunteer in Alaska. Mr. Dela Torre is a veteran, who served his country during Vietnam; Mr. Dantona and Mrs. Coda even worked at the same movie theatre in the valley!



We also asked faculty members what their ultimate fantasy was. Here are some replies: **Mrs. Coda** — "to live on my boat with my husband somewhere like New England or Seattle where both of us would have 10 year at a major university. We could teach and do research together and when not teaching we'd travel the world. . . . using rail passes and going econo-line of course!" **Mr. De Polo** — "my fantasy is career oriented — to work on a European international film production company". **Miss Carotazolo** — "my ultimate fantasy is to have lots of good friends and live a happy, healthy, involved life" . . . **Mrs. Tracey O'Rourke** — "my fantasy would be to live and travel abroad." . . .

Above right, Mrs. Conterno, Mr. Dispenza, left Sr. Susan Schaad, Mr. Dantona.

"I'd be at my sisters place on the French Riviera, lazing in the sun" . . . Mrs. Jeanne Caruso.



"If I weren't teaching I'd love to live in a big house on the beach in Malibu. I'd spend winters in Europe and Mexico and summers swimming and hiking in the Santa Monica Mountains." . . . Mrs. Cheri Blackburn.

Junior year is a year of accomplishment, the year begins with the Junior Ring ceremony, initiating the junior class to the status of upperclassmen. This year the junior ring ceremony theme was "Up Where We Belong". The event was a candle light, dressy occassion, complete with flowers and a reception in the rectory garden afterwards. The beauty and uniqeness of this once in a life time event has left us with . . . a lasting impression.

JUNIORS

Overall, the junior class of 1984 has proven to be a very spirited and talented group of individuals. Juniors were visable and involved in all area of campus life, from plays and musicals to sports and student government.

JUNIOR QUESTIONS

Edwin Cevallos in Biology Class

WHAT DO YOU THINK YOU'LL BE DOING IN 1994? In 1994 I will be working in fields of electronics engineering in one of the major companies of computers.

Hopefully I will just be starting my practice and have my degree in psychology.

I will be living in London, with my rich husband, in a huge castle. I also will be a doctor.

I will be touring the world as a successful interpreter. I'll be battling the harsh, cold, cruel world trying to put my name in lights — I'll do it.

I'll be a rich business tycoon with islands of my own in the South Pacific. I'll live in a Paris chateau overlooking beautiful country side. I'll have the power of the business world in my hands.

Wondering what I'll be doing in 1995. I'll be coaching varsity football at Saint Monica's.

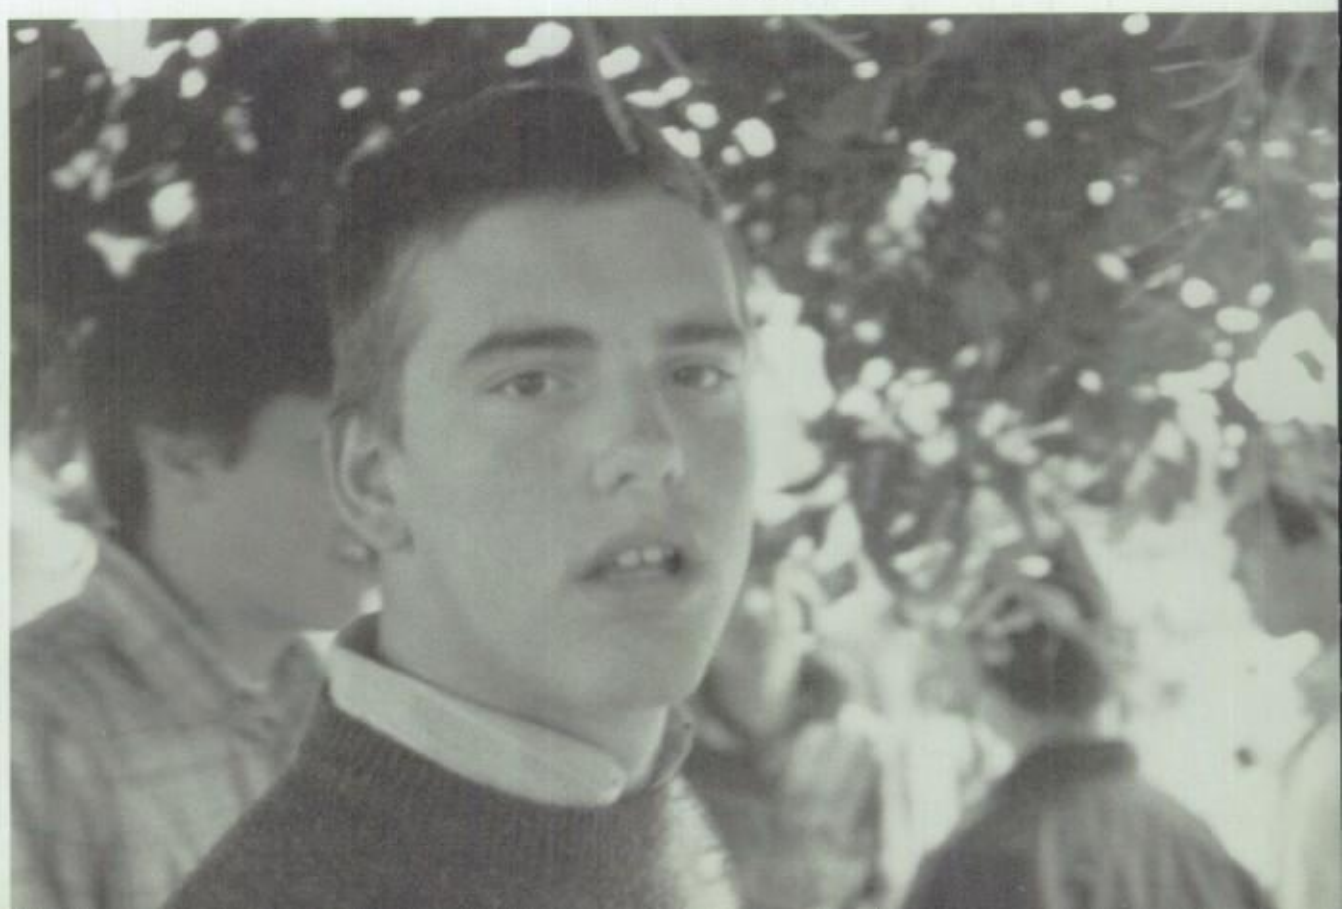
I will be married and have at least 1 kid and be involved with law enforcement.

I think I'll have a job or a career of my choice and be finished with college; also by then I hope I can go on trips.

I'll be a teenage counselor and I'll have alot of money I'll also be working in conjunction with the church as a layman or religious counselor.

I will be a computer engineer; president of: IBM, Xerox, and Burroughs; own a Porsche, Rolls Royce, and a Ferrari; and coaching Varsity Football at St. Monica.

Ricki Butkus



We also asked Juniors "what movie and or song has left the most lasting impression on you"? The following are some replys:

1999 Prince; Terms of Endearment; Rocky; Talk About My Generation; The Outsiders; Time will reveal

The Testament; Chariots of Fire; Total Eclipse of the Heart; Do You Know Where You're Going To; Terms of Endearment

JUNIOR QUESTIONS

Officer and a Gentleman and Let the music play; Apocolypse Now; I'll be watching you and Poltergeist; Every breath you take; Jessica Lange (Frances), Spandan Ballet (Gold); Ghandi; Shoot the moon; On Golden Pond; Mad Max; Blue Thunder; The End by the Doors.

The Big Chill, after the Gold Rush; E.T.: Thriller, Beat it; Victor/Voctoria; All the right moves; Flashdance, Manhunt; What a feeling

Above, Atul Kapoor, Charlie Bloomquist, and Barry Nugent hard at work.

"Frances" because of the cruel but realistic experiences while struggling as an actress. Also "Testment" because it portrayed the realistic and emotional and physical effects of nuclear war. Unfortunately it was much more pleasant than what will truly happen.

Silkwood, Victims by Culture Club; The Greatest Love of All: George Benson.

The song that left the greatest impression on me was I can't smile with you, Tell me if you still care.

I would probably be in some kind of business management and working hard for the money. I also would be married by then.

The class of 1985 has made it through 3 years together. With a year still ahead of them and enough love, commitment and dedication many juniors feel the best is yet to come.

Junior year is a special one for most. Finally upper classmen the junior ring ceremony seems to bring the class closer creating a bond of friendship and fellowship. It is the special moments shared with one another and teachers that the juniors will long remember after their days at St. Monica are over.

JUNIORS

Junior Pamela Fabrega dances at the Christmas Formal. The junior class was very active during the 1983-84 school year, supporting teams and school activities. Juniors sponsored many dances, fund raising activities and events. Many of our performing arts shinning stars are members of the junior class including: Russell Ricard, Nancy Calabrese, Casey Coda and Melissa Hayden.

We asked Juniors what activity during their junior year has left them with the most memories. Some of their replies included: junior ring ceremony, playing on the basketball team, lunch, jazz musical presentation, the friends one junior met, both old and new, pep rallys, and the cake walk.

Stephen Funes views the handywork of some unknown friends. Activities on the weekends and after school often included midnight raids on friends cars and houses.

freshman

A typical freshman schedule includes: physical education, foreign language, algebra, religion 9, developmental skills, and English. Freshman year is a year of challenges and changes. It is the first year of high school, the beginning of the final phase of our compulsory education. Our experiences, from braces to first dances, will forever leave us with a lasting impression.

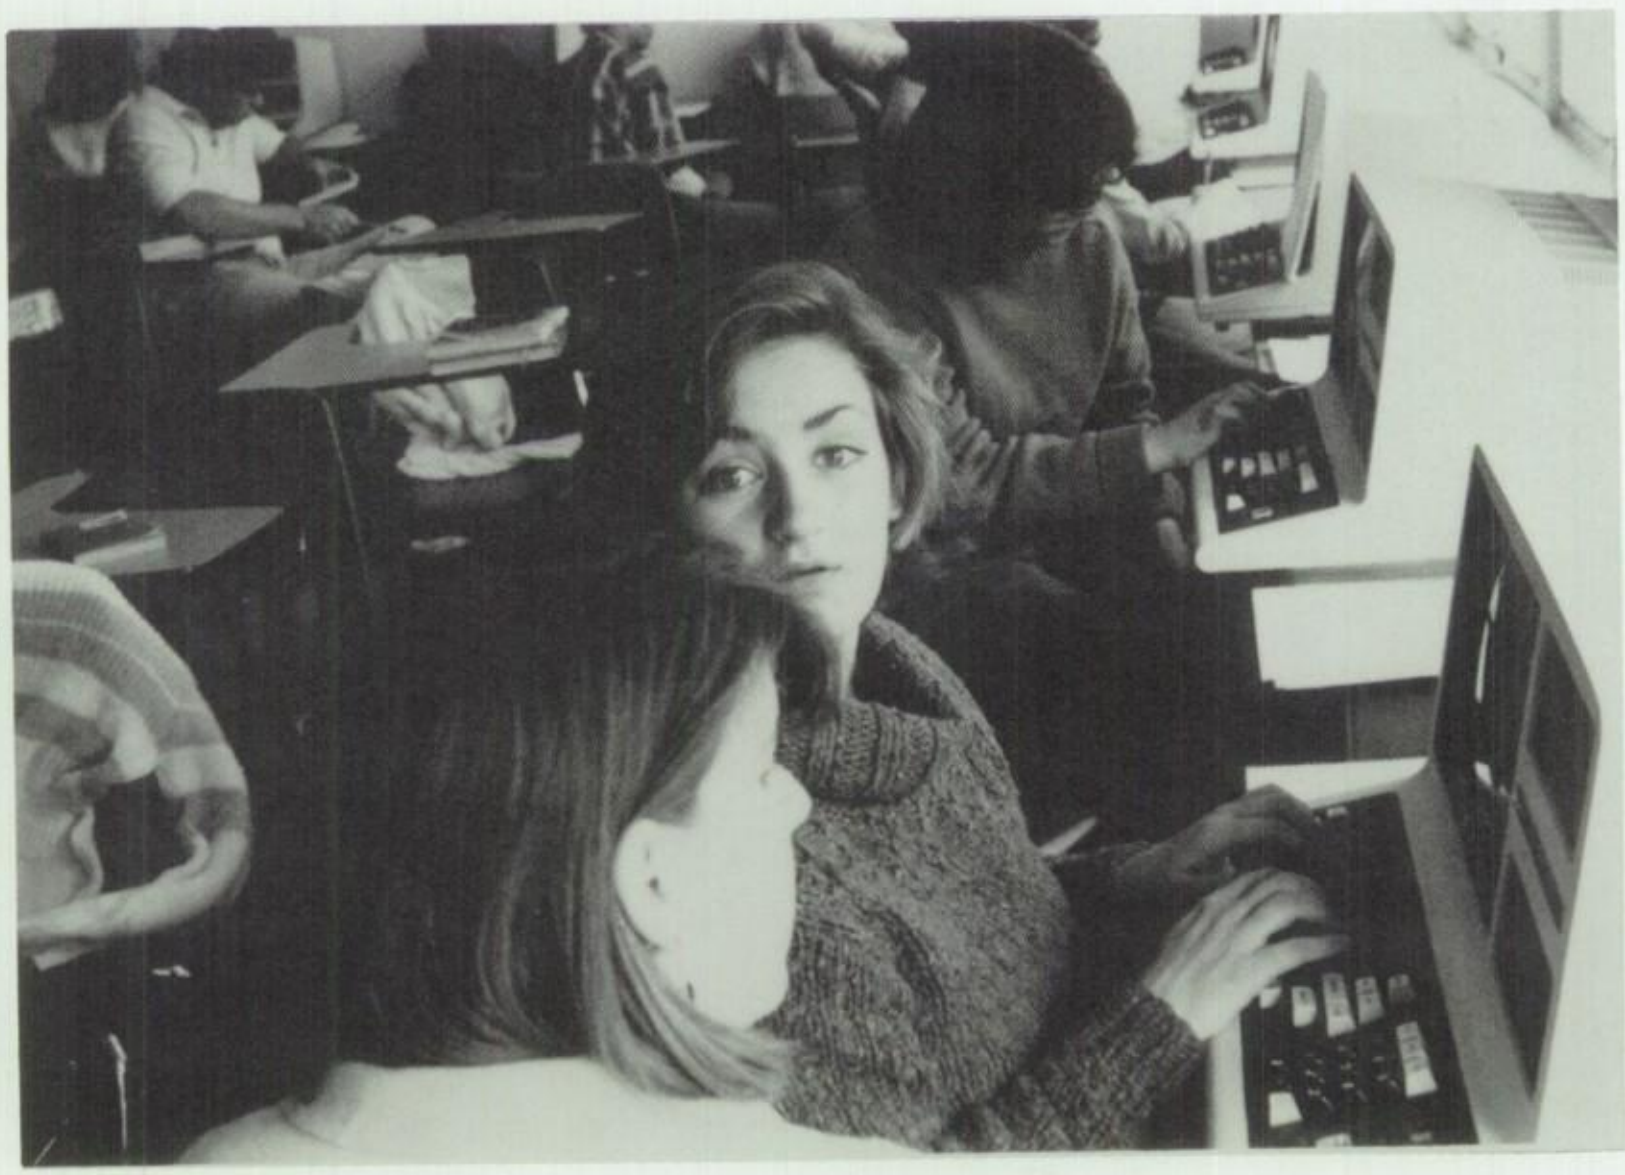
Computer Mania . . .

The 1980's definately mark the beginning of a full fledge Computer Age. Computers are everywhere, doing a little bit of everything. There are home computers; used to play elaborate Dungen and Dragons games, word process, catalog recipes and operate tax files. Almost all offices in any profession have gone computer, using their capabilities for billing, filing etc.

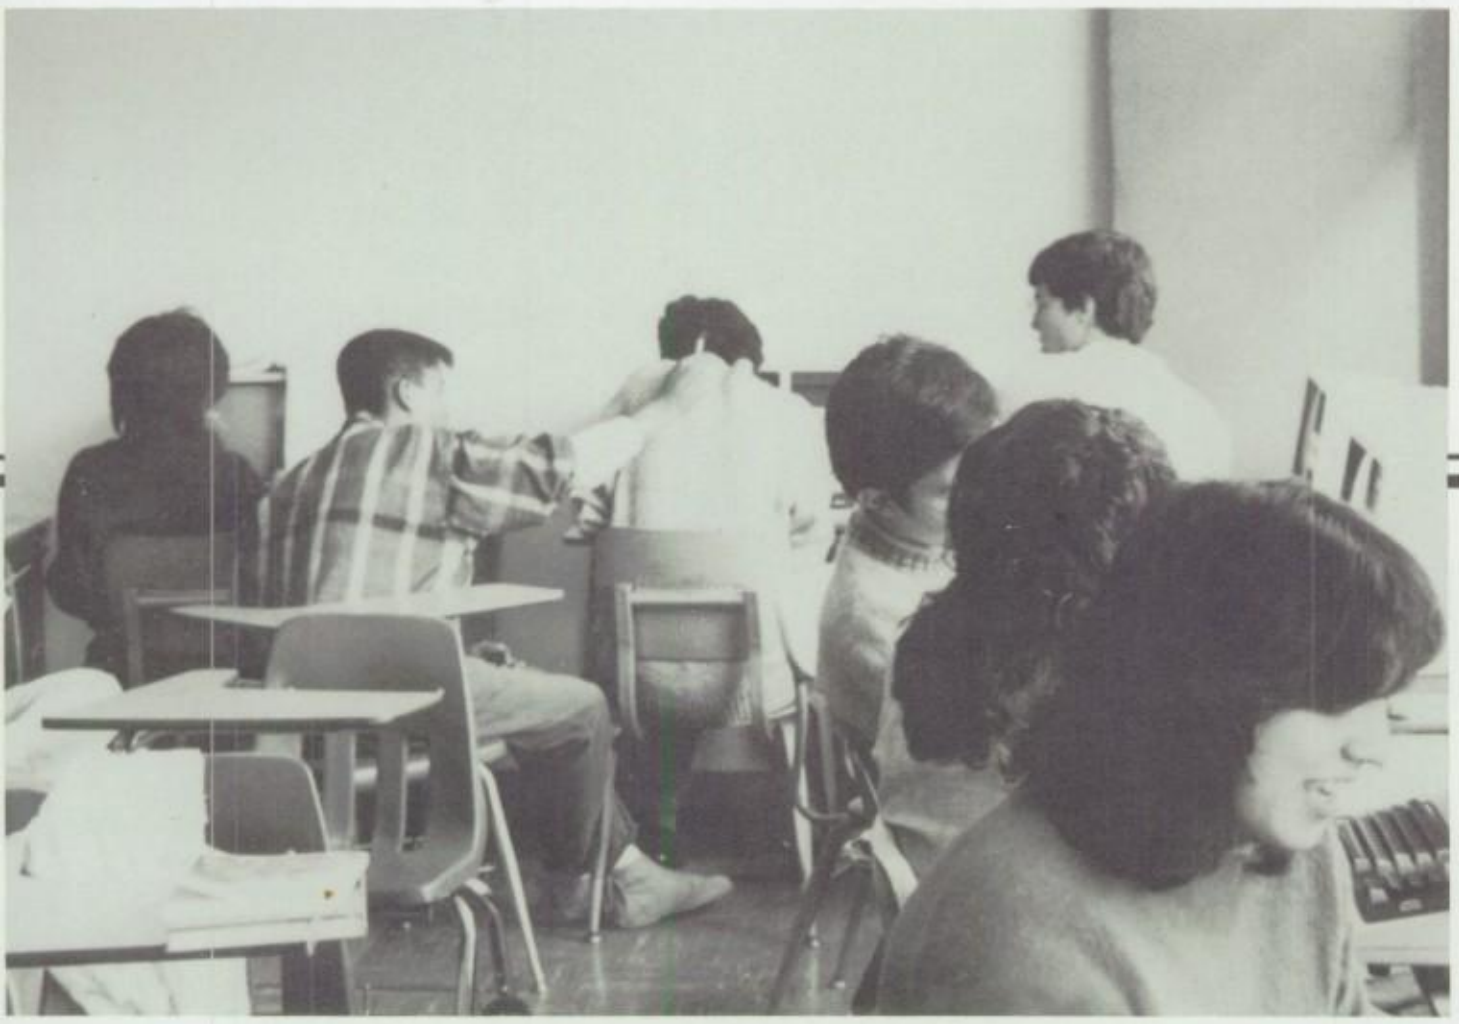
The computer age came to Saint Monica this past year with the development of the Computer learning lab and various courses for students in computer processes and programming. Our lab has 16 Radio Shack computers plus teacher units and a printer. We have software in basic, industrial and fortran languages and lots of room for expansion in the future.

The computer lab is largely the result of the efforts of Mr. Joe Coda who worked on the purchase of hardware/software and designed the course criteria.

Our Thanks Mr. Coda! Good Job



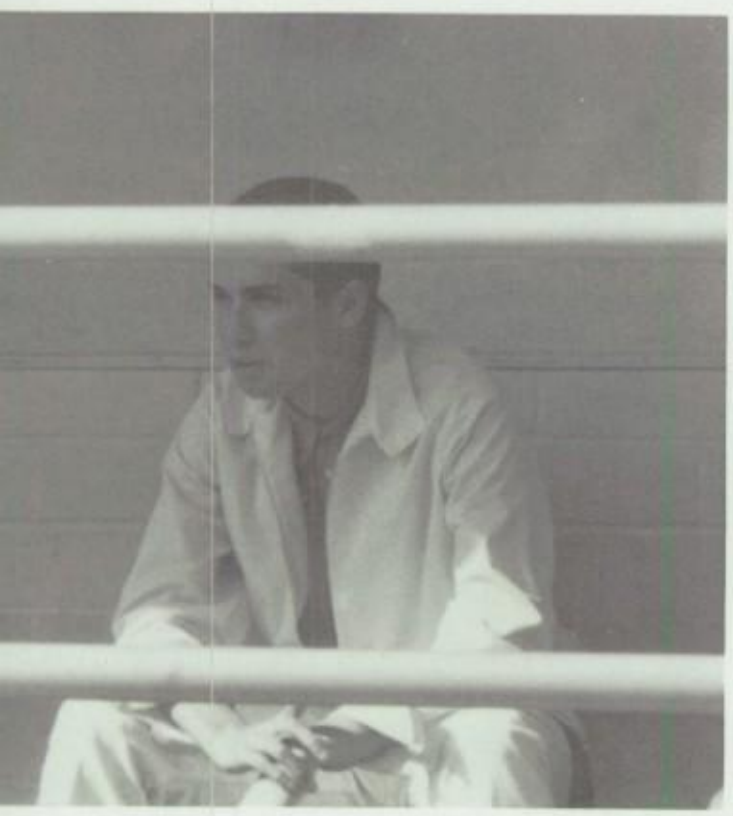
Dennis Ashley and Krista Bieniasz are computing in computers class.



Aaron McLain short circuits the computer operators.

TRENDS

St. Monica is a leader in trends. We pride ourselves on our trend setting appearence. We hope these, our trends, will leave a lasting impression in our day and age.



TRENDIES: FRESHMAN girls who wear all the fads, sacrificing taste for fashion.

BHHC: "Beverly Hills Hard Cores" — a wanabe punk who has money and confuses social statement with fashion.

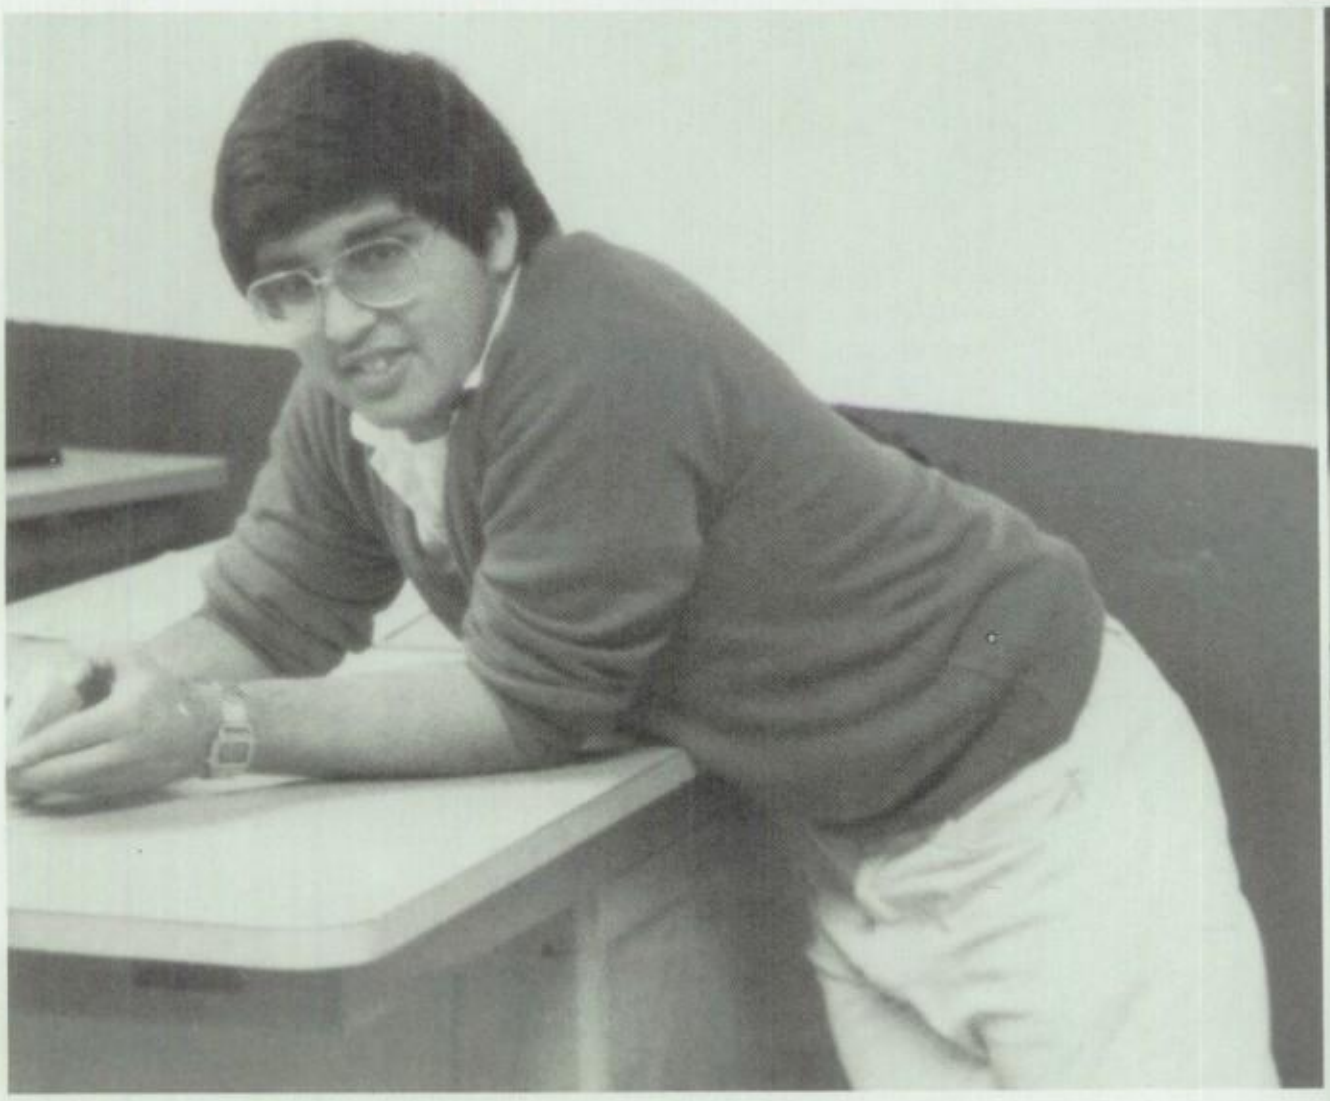
SOAPBOY: a guy who is really clean and neat, prissy.

DOGGIN: when someone skips out, leaves you high and dry, being stood up.

DUDE: a greeting. Shows familiarity and feelings of friendship.

WUMPHY: when someone is sad and depressed.

COMPASS STAFF 1984



A LASTING IMPRESSION . . .

The 1983-84 COMPASS staff, creators of "A Lasting Impression", wish to take this opportunity to thank several individual without whom the book would have been incomplete . . .

Mr. John Finnagan, Clay Dodder, Margaret Herman, Therese LeVassuer, Mr. Tom Imming, Sr. Cheryl (for her Football Photos) The various coaches who cooperated with photographers on teamshots, Mr. Leo Klem, Liz Mills, and the entire compass staff who worked so hard and put together the 1984 edition somewhat on time . . .

THE ROAD TO THE END

The 1984 Compass is the end product of countless hours of work, frustration and dedication. We have worked by day and night, mostly night, to produce the best book we possibly could, and we hope you noticed our efforts.

Our book consists of 201 pages including 16 color pages. Our type style is mainly Melior Bold in 12pt. type. Snell Roundhand was used for most of the Senior pages.

The yearbooks previous debt has posed many problems in our operations. It has hindered us from buying much needed equipment, such as a typewriter. Through the soliciting of ads and a World's Finest chocolate bar sale we have attempted to reduce our deficit somewhat.

Our photographs were primarily the work of Walter Clayton Dodder III. His expertise in the field of photography are unsurpassed, bordering on professional quality. Without his dedication, support and congenial nature we never would have met our final deadline. He is responsible for at least one-third of the photographs you have seen. Gregory Mitchel also did some photographs for us. Mr. O'Finnegan did the Senior Portraits.

I would like to thank the students for putting up with the constant scheduling and rescheduling of team photos. I would also like to apologize to the team members of the softball and baseball teams, who never got photographed due to the lateness of the season and our early deadline.

Our moderator Teresa Coda has been a constant source of encouragement. Since last year we have come along way together, and so has her spelling. I would like to thank those few and far inbetween who stayed afterschool and weekends to finish a deadline.

In conclusion, my experiences as editor have been fond, memorable and a highly unique experience. I have experienced a great deal of responsibility and leadership in this position.

Thanks for the memories!

Therese LeVasseur

The Compass staff did some research on the history of Senior Mosts at Saint Monica and came up with the following information: "Senior Mosts" first appeared on campus in 1958-59, along with Hi-Jinx. In 1962, the catagories included: masculine, considerate, ambitious, and feminine. In 1961 Patty Alexander's mother, then Pam Massey was elected "Most Active", and our financial officer, Sr. Susan Schaad, was voted "Most Popular".

In 70, Senior Mosts returned with some new catagories, cluding; "Best Couple", "Most Talkative", "Most iendly", "Best Looking", "Most Humorous", "Best essed", and "Most Likely to succeed". Senior Mosts has ntinued on campus, along with Senior Directories, although Hi-Jinx is no longer an activity.

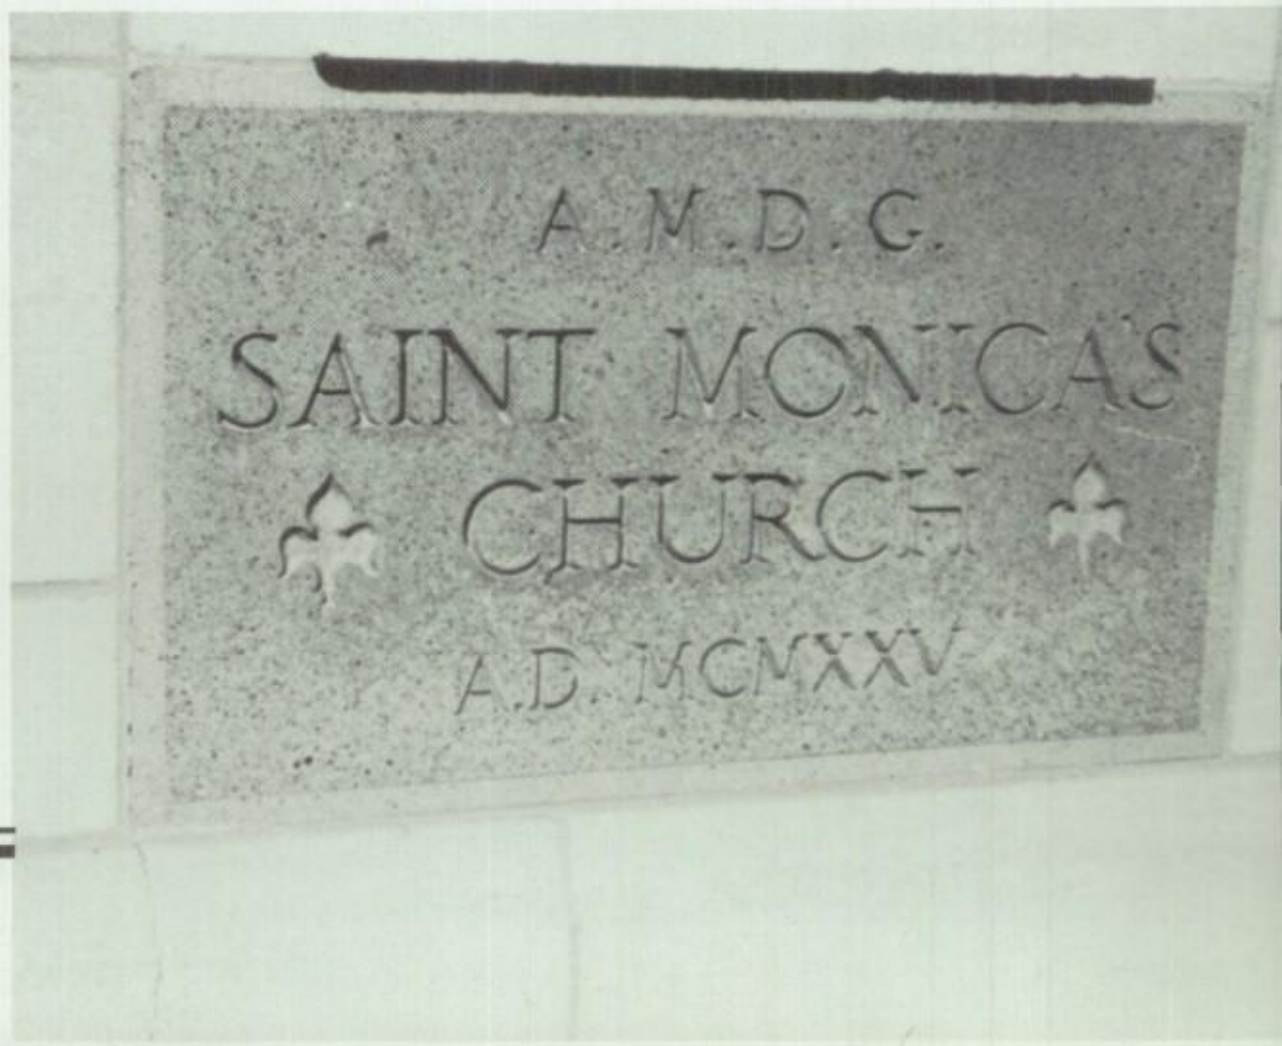
THE 1983-84 SCHOOL YEAR HAS BEEN A SIGNIFICANT PAR
OF OUR LIVES, WITH EXPERIENCES AND FEELINGS UNIQU
TO THIS TIME. EACH PERSON WE HAVE SHARED WIT
EACH NEW INSIGHT INTO THE WONDERS OF LIFE AN
KNOWLEDGE HAS LEFT US WITH FOND MEMORIES AND
LASTING IMPRESSION . . .



"I want to laugh while the laughing is easy, I want to cry if I feel it's worth while . . .

WE MAY NEVER PASS THIS WAY AGAIN . . .

1983-84 saw many changes: in the world, the death of Uri Andropov and the appointment of Cherranko; the Russians walked out of the nuclear disarmement talks; the U.S. took the gold in the downhill at the winter olympics . . .

Here at Saint Monica, Mrs. Singer became the director of curriculum, Sr. Cheryl Milner became Vice Principal, Mr. Klem became athletic director, a stricter dress code was designed . . .

All things considered, 1983-84 can be summed up as being a year of challenge and change, and one that leaves us with . . . a lasting impression.

Hi Carla,

Can you believe the year is finally over? I certainly can. I'm glad, but I won't be able to ~~see~~ see you every day. Do you know what that means? who will I insult??? Maybe, Latoya. hahaha. But truthfully you really have been a good friend. Do you remember our little fight on the bus? I think everyone else ~~does~~ does. Oh well, never again. Right?

Have a great summer. Don't miss me too much! I won't have such Problems. Now is the time to curse at you, but I'm too nice to do that, huh. Have fun shopping for your cords and I'll see you next year, or over the summer

Your friend,
Chris Webb

Our years at St. Monica have been full of growth, education, happiness, sadness and sharing. During our stay we have matured both spiritually and emotionally.

In years to come we will remember our high school days and smile, for this place, our teachers and our friends have left us with a lasting impression . . .

Dear Carla,
Too bad you were working at McDonald's that day! Well, it was fun anyways.
Youve been such a great friend. I know our friendship will last for (dy time.
Maybe I'll see you in Westwood over the summer! Enjoy your summer!

Love Always,
Sherry P.

Carla
Have fun working at M'Donalds and I hope you get better aquainted with embryo man. I'll see you at graduation Saturday. Have a great summer.

Carla,
WHAT'S going on?
It's been fun having you in Biology AND ADs. BAND. How did you do on the finals on Biology? Sbe gAve me A "B". You're a real good LOOKing chiC AND stay that way during summer
HAVE A wild summer AND see you next YEAR. P.S.
keep playing you sAx AND kEEp jAm th graduation.

To Carla,

Well my attempt at calligraphy didn't work too well (the hell w/it let's get down to business) - God, this has been an event-ful year. Just think, I didn't know you 3 yrs ago - Well thank God I do now. I'm writing this in the library while you're hunting down the Rock. Life on the Big Blue Bus just has NOT been the same. Will Wilshire West be the same? I'm so glad there's one more year at St. Mo's. Even tho' I say I don't like it I know I'm going to miss that old school and ... and ... oh, the list could go on. Plans for the summer, I hope so. (We must go to concerts, Mark Rodney, Kathy ... (but not least the beach parties, movies and (Blossom or will Library. Will ever I ore for Rock-n-roll (where A be left to wither on the stems (Carla knows) be in 20yrs. & probably you'll be married and a little bald-headed baby. Who will you marry? Sean M. Eddie Rock Could be too old?) STAY AWAY FROM SEAN 6. those emerys are MINE! You should join Shirkels this summer. We formed a circle together Carla, you introduced me to the world of Heavy Metal and Dust. Lord, what a world! It is! I even like Motley Crue, believe it or not! Let's all shout at the Devil. Well, the waters are getting over the Library table so I'll have to stop writing - maybe I'll continue on the bus, maybe not, you never know! I'm running out of space but

Dear Carla

Have a great fantastic, and exating summer.
I cant believe I've known you since you where
a sophmore and now you are a Senior. Time flies
when your having fun. See ya next year.

Carlisle, I'm so glad we became good friends. You're a super person and a terrific metal chic. We gotta go to more concerts and party our heads off this summer. At least have you to headbang with. I seriously don't know what I would do without you Carla. I sure hope you come back next year. I'm gonna miss you after you leave. Oh well I'm just glad we have each other. Lets keep in touch and have fun together in summer school. Were the metallers forever. Love ya

Carla Sr Carla you have a tough year but I am finally out. Hey you have to go and keep the hand on its toes Yours Truly K.I.T (458-5691)

Carla,

How's it goin? It's been great in Basic Geometry this year, although I hope I never have to be in that class again. But it was great talking to you. I'm glad I got to know you this year you're a really nice person. Take care this summer, have a lot of fun, and I might see you in summer school. I'll see ya later!

— Carla —

Well, this year is ~~#~~over and though you slept through Biology and talked through Geometry, I'm sure that you learned something. It was great having you as my friend and I hope that when you are a B/G ~~senior~~ that you don't forget me. Besides who else is gonna tell you that heavy metal ruins your mind? See ya next wherever!

had your chance to
throw yourself upon
me for another year
& you controlled yourself.
Very Good. We be seniors.
Love ya,

Carla!
You've been
really sweet since
I've known you this
year. Say hi to Bruce
baby from us! He's such a
jerk - I hope he reads this
too. See ya next year when
I'm a junior - Party Time!

Well Carla,

How was the concert? Did Jack look as gorgeous as usual. Of course. Well we have come to the end of another year and still friends. Finally seniors! I hope that you fulfill whatever it is that you wish to do in life because you have been a great friend to me these 3 yrs. I know you can do whatever you set your mind to. Well you have been my friend for 3 yrs. Love ya always!

PARTY HARDY THRU the SENIORS Summer!

To My Bud Carla (AKA: TRUCKA)

There's lots I want to say about our friendship, and how good it's been. but whatever I think of seem's incomplete. CARIA, YOUR ONE OF MY BEST & TRUE friends in This world I know I can count on you. And N-EXT. Year at this TIME it will be us. who are going to graduate But I always hope within my HEART that we will always stay everlasting friends. (Besides I wonder what your hair will look like when it's Gray!.)

Here is a poem I like

OH LIST TO THE MOMENTS!. Though little They seem,
They are bearing your Bark on a swift, Silent Stream;
And onward Still onward, you glide from the Shore,
TO THAT VAST, Boundless OCEAN where TIME is NO MORE.

TAKE Head TO THE MOMENTS; for with Them They Bear
OF GEMS THE MOST precious; and diamonds so rare.
TAKE care OF The MOMENTS; for life's but a Span;
Then carefully hoard Them, O VAIN dreaming Man!

HOPE YOU DON't THINK THIS IS CORNY
BUT YOU KNOW me. HAVE A good SUMMER
I KNOW I WILL. I'll GET YOU SOMTHING
IN ENGLAND. CAN YOU Believe were SENIORS !

Your Bud
Denise (AKA Dee Dee)
